

Under 14 CFR § 302.12

Animal Incident Report
to the U.S. Department of Transportation
Pursuant to 14 CFR § 234.13

Reporting Period: March 1, 2014- March 31, 2014

REDACTED

April 15, 2014

TOTAL REPORTABLE INCIDENTS DURING PERIOD: 2

INCIDENT #1:

UA FLIGHT #0417
TAMPA, FL (TPA) to DENVER, CO (DEN)
MARCH 8, 2014 AWB 016-5305-0690 12:04PM CST

DOG/ 8 YR MALE
NAME: WHISKEY

Owner/Guardian

REDACTED

NARRATIVE DESCRIPTION

Description of the Incident:

Mortality

Description of the Cause of the Incident:

8 year old adult male dog was discovered deceased upon arrival from a non-stop flight from TPA-DEN and was taken immediately for necropsy. Attending veterinarian concluded that a small piece of synthetic surgical gauze which appeared to have been left in the abdomen after a previous surgical procedure likely resulted in peritonitis. This dog had a chronic and active inflammatory condition within the abdomen which led to peritonitis and death.

Description of any corrective action taken:

None required. Animal died of natural causes.

INCIDENT #2:

UA FLIGHT #1221
Honolulu, HI (HNL) to Los Angeles (LAX) to Washington, DC (IAD)
March 31, 2014 AWB 016-5307-5304 2130PST

DOG: 5 YEAR OLD MALE
NAME: MASON

Owner/Guardian

REDACTED

NARRATIVE DESCRIPTION

Description of the Incident:

Mortality

Description of the Cause of the Incident:

This pet was being shipped with another dog of the same family. Mason, however, was discovered deceased upon arrival at LAX. Necropsy report credited the mortality to gastric bloat syndrome.

Description of any corrective action taken:

No action required. Animal died of natural causes.
