The Office of Airline Information is issuing this Technical Reporting Directive to provide the list of reporting air carriers that meet the criteria for submitting Airline Service Quality Reports and Reports of Passengers Denied Confirmed Space for reportable flights operated during calendar year 2020 (flight data are due 15 days after the end of the applicable month).

Pursuant to 14 C.F.R. For reportable flight operations occurring during calendar year 2020, sixteen air carriers reached the reporting threshold of \$512,473,115 in domestic scheduled passenger revenues (half of one percent of total domestic scheduled-service passenger revenues). The revenues were measured for the 12-month period ending June 30, 2019. There is one carrier that reports voluntarily (ExpressJet Airlines), and the reporting carriers for calendar year 2020 are as follows:
