INTRODUCTION

INTRODUCTION: This report contains tables and charts on the financial condition of the U.S. Passenger National airlines. All data presented in this financial and traffic review are derived from data reported to the U.S. Department of Transportation on Form 41 Schedules by Large Certificated Air Carriers.

The data are presented on both a carrier group and an individual carrier basis, but the primary focus is on individual carrier system entity performance. Data are presented for the most recent quarterly period compared to the prior year's quarter, and 12-month ended data of the five most recent quarters compared to the same period one year prior. A graphic presentation of comparative trends, on a carrier group basis, is made for several unit and overall financial indicators.

Considerations when viewing the reports:

In the case of merged carriers, data for the carriers involved have been combined and presented under the name of the surviving carrier so that meaningful (proforma) comparisons can be made. See endnotes for further information regarding timing of mergers.

In some instances, a metric in the individual carrier report will show a symbol. Please see the endnotes for a glossary of symbols.

While the Office of Aviation Analysis has reviewed the reports for obvious errors, the data are presented as reported by the carriers to the Bureau of Transportation Statistics, and have not been verified or compared to publicly filed financial documents.

Carriers can move between groupings (Majors and Nationals) based on the criteria listed below. In the instance where a carrier falls into both groupings during the time periods of a report, a carrier will appear under both groupings. Data from the Majors report and data from the Nationals report should not be combined without ensuring any duplications are removed.

Carrier Group Definitions

Majors: Air carriers with annual operating revenues exceeding \$1,000,000,000

Nationals: Air carriers with annual operating revenues between \$100,000,000 and \$1,000,000,000

Large Regionals: Air carriers with operating revenues between \$20,000,000 and \$99,000,000

Medium Regionals: Carriers with annual operating revenues less than \$19,999,999 or that operate only aircraft with 60 seats or less (or 18,000 lbs maximum payload)

Certain data in this review are classified in two broad categories: namely "Domestic" and "International" services. "Domestic" encompasses operations within and between the 50 states of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands. It also encompasses Canadian transborder operations and Mexican transborder operations. All other operations are considered "International" service, which includes operations in the Atlantic, Latin, and Pacific regions.

Suggestions from users for improving either the scope, presentation, or utility of this review are welcomed. Please feel free to make suggestions, provide discrepancy details or error information to the Competition and Policy Analysis Division, Office of Aviation Analysis, Office of the Secretary, U.S. Department of Transportation, 1200 New Jersey Avenue, SE, Washington, D.C. 20590.
