

U.S. Department of Transportation

Aviation Manufacturing Jobs Protection (AMJP) Program

Webinar #4

Monday, November 8, 2021

Administrative matters

- All three prior webinars are still available. They are all still helpful, although this presentation today provides some important updates.
- Each webinar is less than an hour, and we strongly recommend them if you are preparing to submit an AMJP application.
- The webinars are at <https://www.transportation.gov/amjp/amjp-webinars-and-presentations>
- DOT's complete AMJP website remains available at <https://www.transportation.gov/AMJP>.

Agenda

1. Why DOT is re-opening the application process again
2. Status of applications already submitted
3. Update on relationship between the AMJP and the Employee Retention Tax Credit (ERTC) programs
4. Requirement for active System for Award Management (SAM) registration
5. Important reminders about the AMJP application process

U.S. Department of Transportation

Section 1

Why DOT re-opened the application process

Why did DOT reopen the application process?

- We have continued to receive questions about the relationship between the AMJP and the Employee Retention Tax Credit (ERTC) programs.
- We published a clarification on July 8, 2021.
- However, we now have even more up-to-date information to share on this subject (in Section 3).

What is the new application timeline?

- The application system reopened on **Monday, November 8, 2021.**
- The deadline is five (5) weeks later, on **Monday, December 13, 2021 (7:59 p.m. Eastern time).**
- If the application is received in the portal late, by even 5 seconds, let alone 5 minutes, 5 hours, or 5 days, it **cannot be considered.**

Important change in process

- During this round, DOT will begin reviewing applications immediately upon receipt.
- Applicants may be contacted shortly after submission, with questions or requests for additional documentation.
- The review process will still take some time—typically several weeks—but the sooner you submit, the sooner we will be able to consider the application and potentially approve financial assistance.

After submitting the application...

- Please monitor the email accounts associated with your GrantSolutions username(s) for followup questions from DOT.
- GrantSolutions notes are the primary means by which DOT communicates any questions or other time-sensitive information.

Key reminders from the AMJP application form

- DOT will only accept applications submitted through the application portal.
- Applicants are strongly urged to complete the application process at least 24 hours prior to the deadline and retain the official confirmation notification.
- Any problems related to telecommunications, connectivity, system compatibility, or any other technical issues will be the sole responsibility of the applicant.
- DOT will not be able to accept or consider applications that are late, incomplete, or submitted through any other channels.

U.S. Department of Transportation

Section 2 Status of applications already submitted

What about applicants who applied previously?

- DOT announced the first round of awards on September 10, 2021.
- DOT announced the second round of awards on November 5, 2021.

Do I need to resubmit my application?

- If you applied previously and were found ineligible or otherwise disqualified, then you may apply again.
- We strongly recommend that you carefully examine the reasons for previous disqualification or ineligibility.
- For example, if one part of a company applied and was deemed ineligible, then consider whether a restructured application might meet the requirements instead.
- Or, if you were disqualified due to SAM registration problems, then please resolve those issues before reapplying.

Can I just resubmit the first application?

- **No**, because DOT had to update Question 6 for applicants who apply under the later process.
- This is because applicants no longer need to address questions about the ERTC—and other small but important updates.
- Anyone who applies pursuant to the December 13 deadline **must** use the updated application form.

What if I get questions from DOT after applying?

- As noted in the June 14 *Federal Register* notice, “DOT may seek additional supporting documentation from any applicant at any time, either during the application review process or subsequently.”
- **It is crucial** that you (or someone from your company) be available to respond in a timely manner if there are followup questions.

Can I change my application after I've applied?

- No.
- However, you can submit a new application before the deadline, in which case DOT will cancel your original application and remove it from consideration.

Can I apply for an additional award?

- No.
- The law allows only a single AMJP award for any given business entity, for six months.

What if our circumstances have changed?

- Any business that receives an AMJP award will be required to notify DOT of any change that affects the recipient's eligibility or ability to fulfill its legal requirements.
- Other monitoring and reporting requirements require recipients to provide updated information (as explained in the June 14 *Federal Register* notice). This is explained in the AMJP financial assistance agreement.

U.S. Department of Transportation

Section 3 Clarification of relationship between the AMJP and the Employee Retention Tax Credit (ERTC) programs

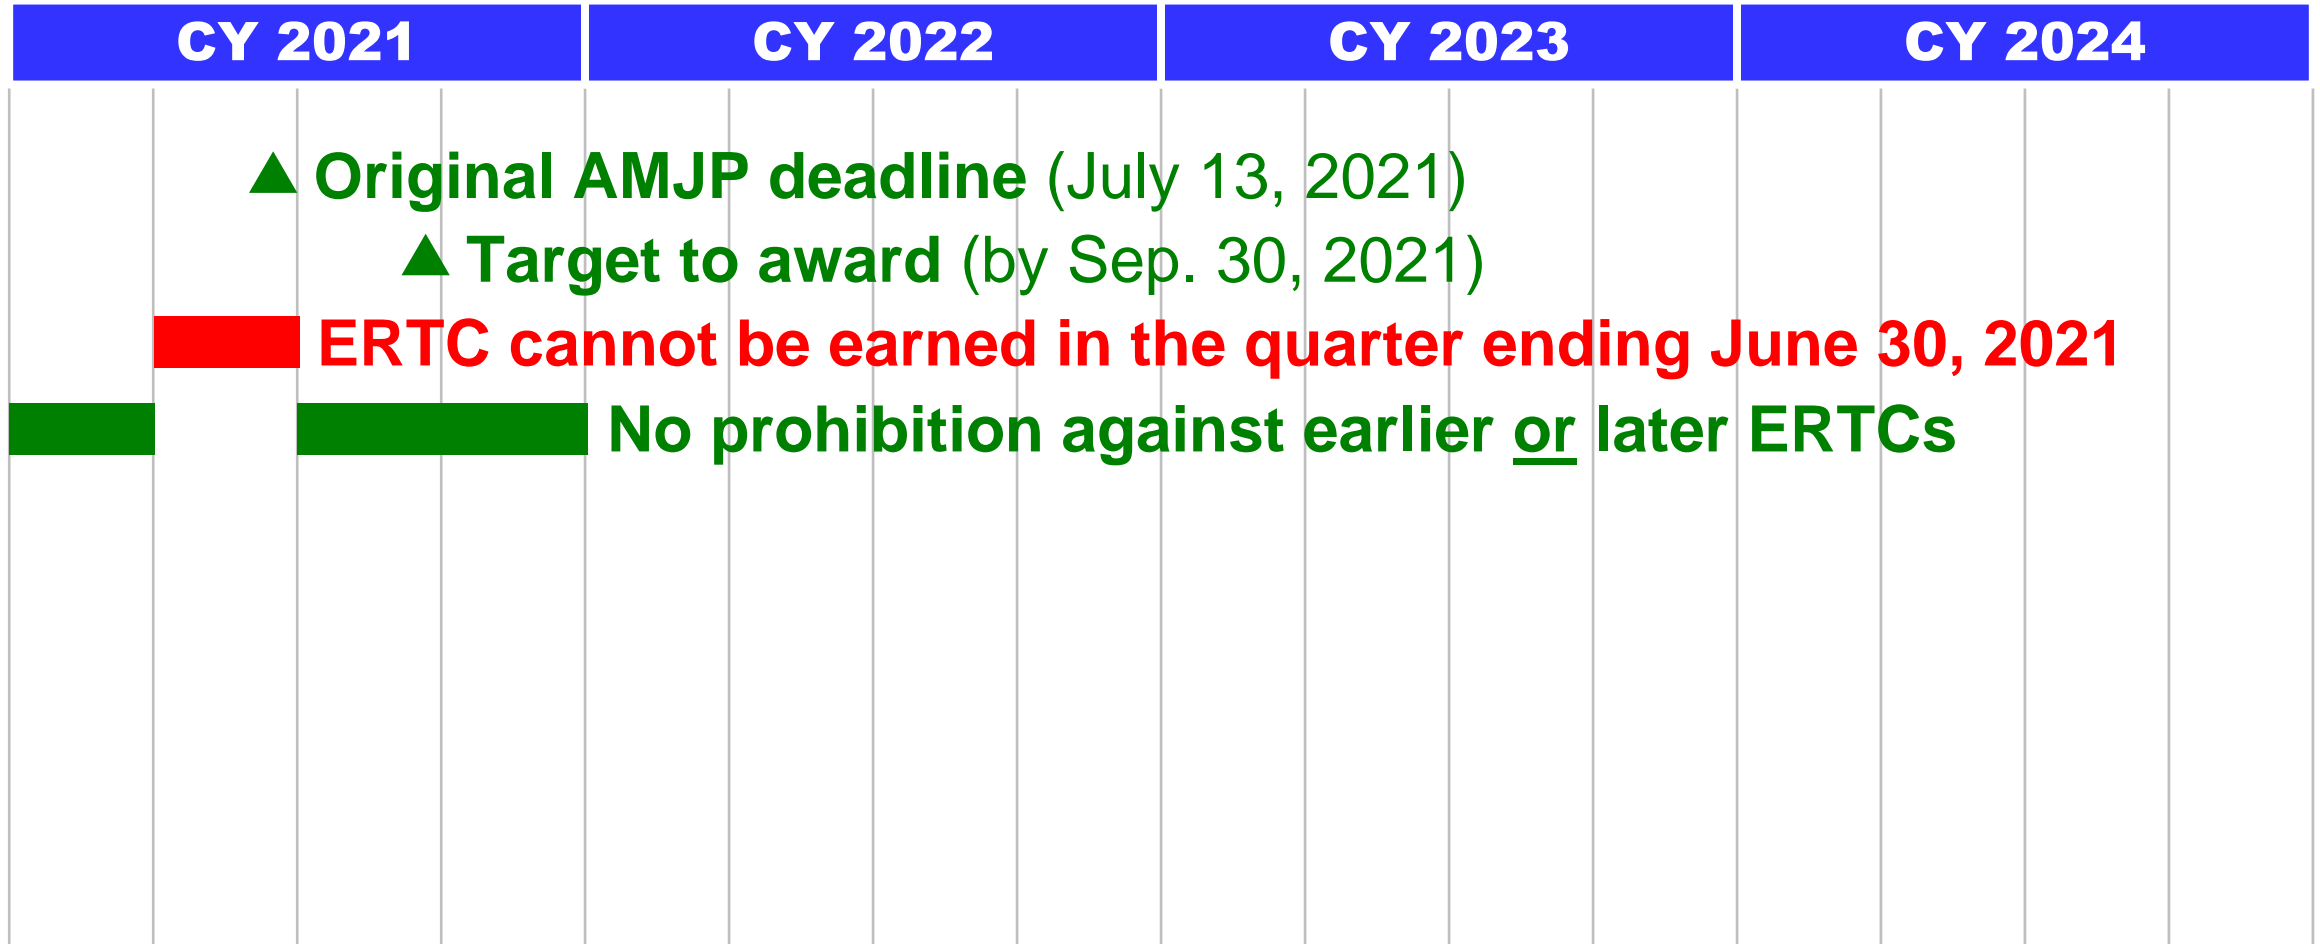

The updated situation

- For any agreement awarded after October 1, 2021, ERTC no longer represents a restriction of any kind, in any calendar quarter.
- This is because when Congress continued the ERTC program beyond June 30, 2021, it did so through a separate legislative provision (rather than by extending the provision from the CARES Act that is referenced in the AMJP statutory provisions).
- Therefore, this provision no longer affects AMJP awards made after October 1, 2021.

Section 4 Requirement for active System for Award Management (SAM) registration

Critical reminder!!!

From the April 14, 2021 Federal Register notice

All applicants will be required to have pre-registered with the System for Award Management (SAM) at <https://sam.gov/SAM/>.

Critical reminder!!!

As published on the AMJP website since April 14, 2021

▲ **IMPORTANT!** Obtaining a DUNS number and registering with SAM takes time. Any business seeking funding under the AMJP program is strongly encouraged to begin these steps as soon as possible. These steps must be completed before submitting an application for the AMJP.

Critical reminder!!!

From the June 14, 2021 Federal Register notice

As required by 2 CFR part 25.200(b), applicants must also “Maintain an active SAM registration with current information, including information on a recipient’s immediate and highest level owner and subsidiaries, as well as on all predecessors that have been awarded a Federal contract or grant within the last three years, if applicable, at all times during which it has an active Federal award or an application or plan under consideration by a Federal awarding agency.”

Additional reminders about SAM registration

- Please be sure it is current and active.
- Please verify that all associated information is current (business ownership, address and contact information, financial institution data, etc.)
- Please verify consistency between SAM registration and the data on your AMJP application, especially:
 - Business name
 - DUNS number
 - Taxpayer Identification Number (TIN) / Employer Identification Number (EIN)

Additional reminders about SAM registration (cont'd)

- Verify that SAM reflects current bank account information, because any disbursements under the AMJP will be electronically deposited to the bank account on record in SAM.

Section 5

Important reminders about the AMJP application process

This is NOT a complete overview of the process

- For a more complete overview of the application process, please review Webinar #2 (July 1, 2021), available online at <https://www.youtube.com/watch?v=DnRNMdcQBhY>.
- You **must follow all instructions** contained in the Federal Register notice and the application form.
- Failure to follow the instructions or to meet the deadline will result in your application being **disqualified**.
- The following slides simply highlight some key issues that have arisen previously.

The application process involves three agencies

General Services Administration

Operates the System for Award Management (SAM) *(government-wide system)*

For assistance

Call (866) 606-8220 or go to <https://sam.gov/content/home>

Contact with questions on status of SAM registration.

GrantSolutions.gov

Operates the GrantSolutions platform that the AMJP is using *(and that many other agencies use for their programs)*

For assistance

Call (301) 818-5210 or email dot.amjp@grantsolutions.gov

Contact with technical or I.T. questions about submitting the application and supporting documentation.

Department of Transportation

Program office implementing the AMJP

For assistance

Email amjp@dot.gov

Contact with program- or policy-related questions, including substantive questions on eligibility or requirements.

If you have questions

- Active SAM registration is the most time-sensitive part of the process. Please contact GSA right away to address any issues.
- If you have questions about the AMJP program before you begin the AMJP application process, please review the resources on the AMJP website, and then email amjp@dot.gov if you still have questions.
- Once your GrantSolutions account is established and you begin preparing the AMJP application, please submit any questions using the GrantSolutions “Notes” function.

Supporting documentation

- Be sure it is clear and complete.
- For example, if your EEG contains 25 people, but you provide a payroll report listing 100 positions, be sure to highlight **which** positions are included in the EEG.
- If it is not an official document (such as an SEC filing, audited financial report, tax return, etc.) or system-generated, please be sure it is **signed** and **dated**.
- Please see guidance on the AMJP website at <https://www.transportation.gov/amjp/aviation-manufacturing-jobs-protection-amjp-program-sample-documentation>.

Aviation Manufacturing Jobs Protection Program

The Aviation Manufacturing Jobs Protection (AMJP) Program is a new program under the American Rescue Plan that can provide funding to eligible businesses, to pay up to half of their compensation costs for certain categories of employees, for up to six months.

In return, the business is required to make several commitments, including a commitment that the company will not involuntarily furlough or lay off employees with that group during the same six-month period.

The AMJP application process is re-opening for a limited time

The AMJP application process will be re-opening for a limited time. Once you have submitted your application and received confirmation, you DO NOT need to re-submit your application. We will continue to evaluate and act upon these applications.

All the same requirements apply, including the requirement for the applicant business to have an active registration in the System of Award Management (SAM) before submitting an AMJP application. For more information about the DUNs and SAM registration process.
