

U.S. Department
of Transportation

DOT ADVISORY COMMITTEE ON HUMAN TRAFFICKING

PUBLIC MEETING

March 13, 2024
9:30am – 5:00pm EST

WELCOME

RABBI DAVID SAPERSTEIN, CHAIR

Special Government Employee;
Director Emeritus and Senior Advisor for Policy and
Strategy, Religious Action Center on Reform Judaism

WELCOME AND INTRODUCTIONS

ESTHER GOETSCH, VICE CHAIRPERSON

Executive Director
Truckers Against Trafficking

WELCOME AND INTRODUCTIONS

BRITTANY JOHNSON

Licensed Mental Health Counselor
and Trauma Consultant

WELCOME AND INTRODUCTIONS

DOJ TRANSPORTATION-RELATED HUMAN TRAFFICKING STATISTICS & CONSIDERATIONS FOR INCREASED DATA COORDINATION + DISCUSSION

AMY LAUGER

Senior Statistician,
Bureau of Justice Statistics,
U.S. Department of Justice

HUMAN TRAFFICKING STATISTICS

Bureau of Justice Statistics

Human Trafficking Statistics

Amy D. Lauger
Senior Statistician

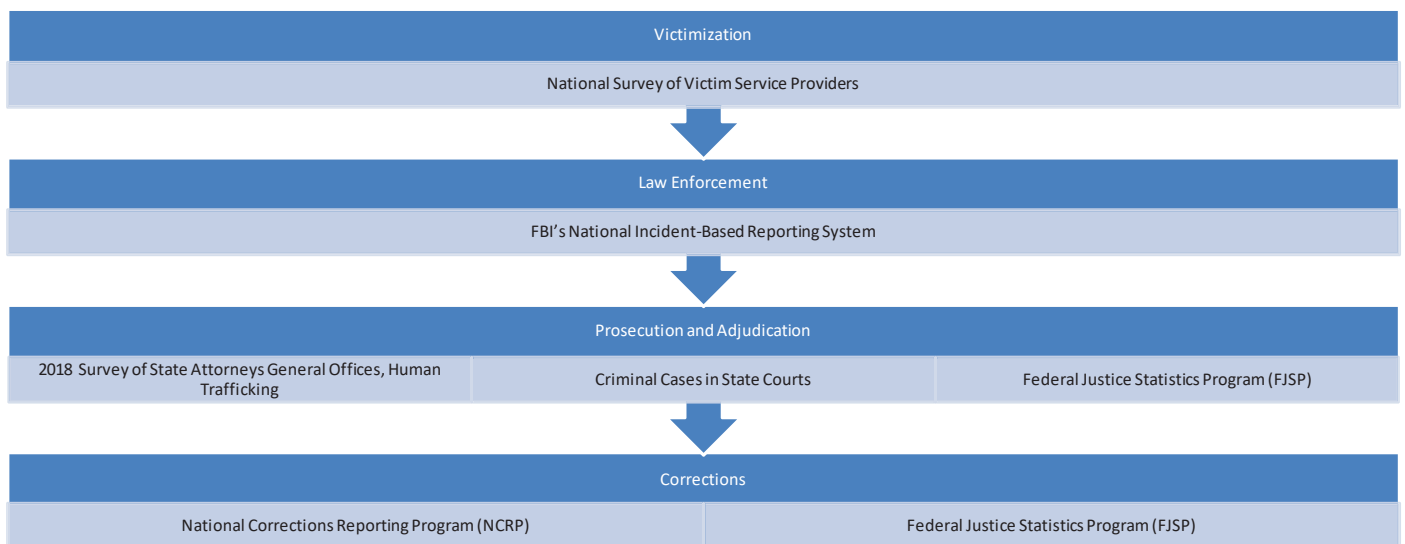

March 13, 2024|DOT Advisory Committee on Human Trafficking

Not to bury the lead...

- DOJ has little to no data on trafficking offenses that involved commercial transit in particular.
- There is no comprehensive estimate of human trafficking prevalence in the U.S.

BJS tracks human trafficking statistics at all stages of the criminal justice system

Victimization

2019 National Survey of Victim Service Providers (NSVSP)

NSVSP 2019 covered...

organizational resources required to provide services to crime victims

types of services provided to crime victims

characteristics of victims who received services

characteristics and background of staff who provided services to victims

organizational policies and practices

BJS

Bureau of Justice Statistics

Law Enforcement

FBI's National Incident-Based Reporting System (NIBRS)

FBI's Uniform Crime Reporting (UCR) program began in 1930

Monthly **counts** of the number of crimes known to law enforcement from thousands of agencies throughout the United States.

Included major offense categories, for most serious offense

Added human trafficking in 2013

Bureau of Justice Statistics

... and has since transitioned to incident-level reporting, which includes...

a broad array of offense types

up to 10 offenses associated with each incident

demographic information about victims, offenders, and persons arrested

what type of weapon, if any, was used in the incident

BJS

Bureau of Justice Statistics

UCR and NIBRS coverage isn't complete

15,726 of **18,888** agencies reported to the UCR, either as counts or incidents, for 2022

77% of the U.S. population is covered by NIBRS-reporting law enforcement agencies

As of the last couple of years, national estimates are available

BJS

Bureau of Justice Statistics

The UCR program uses standardized definitions for human trafficking...

- Commercial sex acts—inducing a person by force, fraud, or coercion to participate in commercial sex acts, or in which the person induced to perform such act(s) has not attained 18 years of age
- Involuntary servitude—obtaining of a person(s) through recruitment, harboring, transportation, or provision, and subjecting such persons by force, fraud, or coercion into involuntary servitude, peonage, debt bondage, or slavery (not to include commercial sex acts)

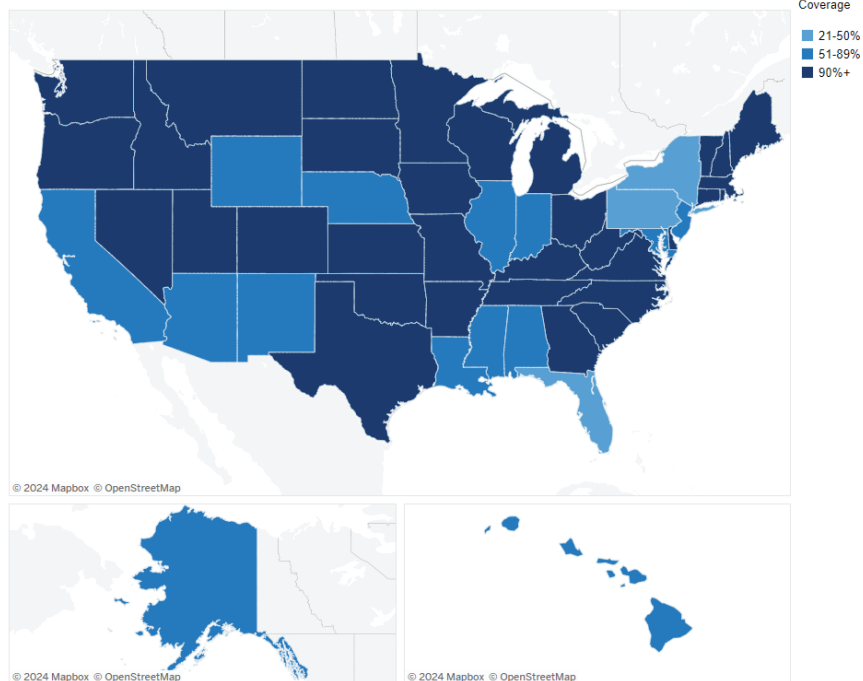

BJS

Bureau of Justice Statistics

Population covered by agencies submitting to NIBRS varied by state, from 21% to 100%.

Source: Bureau of Justice Statistics. Law Enforcement Agency Reported Crime Analysis Tool (LEARCAT).
www.bjs.ojp.gov.

NIBRS certified agencies and population coverage, by state, 2022

BJS

Bureau of Justice Statistics

2,223 human trafficking incidents reported in 2022

- 49 states reported
- Ranged from 0 in Kansas to 433 in Texas

Source: Bureau of Justice Statistics. Law Enforcement Agency Reported Crime Analysis Tool (LEARCAT). www.bjs.ojp.gov.

BJS

Bureau of Justice Statistics

Prosecution and Adjudication

2018 Survey of State Attorneys General Offices, Human Trafficking

Survey topics covered...

charging practices for sex- and labor-trafficking cases

characteristics of offenders and victims of human trafficking

how cases are referred to state attorneys general

case outcomes

BJS

Bureau of Justice Statistics

47 of 56

AG offices participated

43 states

District of
Columbia

American
Samoa

Guam

Northern
Mariana
Islands

BJS

Bureau of Justice Statistics

Sex Trafficking Jurisdiction (for state attorneys general)

Criminal Only

any sentence imposed

BJS

Bureau of Justice Statistics

BJS is assessing whether
CCSC can provide ...

prosecutions

convictions

sentences
imposed

BJS

Bureau of Justice Statistics

Prosecution and Adjudication

**Federal Justice Statistics
Program (FJSP)**

on federal defendants from several sources

Some sources only
includes the most
serious charge per case.

BJS

Bureau of Justice Statistics

HT categories are related to the federal code

- Peonage, slavery, forced labor, or sex trafficking
 - Peonage (18 U.S.C. § 1581)
 - Involuntary servitude (18 U.S.C. § 1584)
 - Forced labor (18 U.S.C. § 1589)
 - Trafficking with respect to peonage, slavery, involuntary servitude, or forced labor (18 U.S.C. § 1590)
 - Makes it unlawful to recruit, harbor, transport, or broker persons for labor or services.
 - Sex trafficking of children or by force, fraud, or coercion
 - Unlawful conduct with respect to documents in furtherance of trafficking
- Child pornography production (Title 18 U.S.C. § 2251 and Title 18 U.S.C. § 2251A)
- Transportation for illegal sex activity (Title 18 U.S.C. § 2422 and Title 18 U.S.C. § 2423)

BJS

Bureau of Justice Statistics

The number of persons investigated and prosecuted for HT offenses has increased over time

BJS

Bureau of Justice Statistics

Corrections

**National Corrections Reporting
Program (NCRP)**

NCRP collects DOC-provided data about persons in custody

BJS

Bureau of Justice Statistics

In 2021, HT offenses were associated with ...

* From 46 states able to report HT offenses to NCRP for 2021

New FY2022 Case Data Points

- Name of **rideshare** used as method of transportation in trafficking scheme
- Name of **bus service** used as method of transportation in trafficking scheme
- Name of **train** used as method of transportation in trafficking scheme
- Name of **airline** used as method of transportation in trafficking scheme

4.1.6 MODES OF TRANSPORTATION IN COMMERCIAL SEX TRAFFICKING

Traffickers utilize a variety of transportation modes to transport victims in sex trafficking cases. In the sex trafficking cases filed in 2022, private vehicles (31%, 56) were the most common form of transportation.⁸⁸ Defendants also used: airplanes (5%, 9); rideshares (4%, 8); rental cars (3%, 5); buses (2%, 4); trains (1%,1); and taxis (1%, 1). Ninety-seven (54%) cases had an unknown form of transportation.

January 2022

DOJ National Strategy

Chapter V Enhance Impact of DOJ-Wide Anti-Trafficking Efforts

B. Improve Data Gathering and Reporting

Improving the quality of information about human trafficking is critical to developing sound anti-trafficking policy....

Collecting [required] data will require upgrading and aligning information systems and adding necessary fields to databases, in order to capture missing data

Current Legislation

H.R.3684 – 2021 Infrastructure Investment and Jobs Act (P.L. 117-58)

Bipartisan Infrastructure Law (BIL)

SEC. 23020. REPORT ON HUMAN TRAFFICKING VIOLATIONS INVOLVING COMMERCIAL MOTOR VEHICLES.

...the Department of Transportation Advisory Committee on Human Trafficking... shall coordinate with the Attorney General to prepare and submit to Congress a report relating to ***human trafficking violations involving commercial motor vehicles***, which shall include recommendations for countering human trafficking, including an assessment of previous best practices by transportation stakeholders.

Challenges for Discussion

- Definition of human trafficking violations *involving commercial motor vehicles*
 - Any transportation
 - Essential part of the violation
- Types of violations
 - Federal, state, or both
 - Criminal or civil
- How to collect information

**TRAINING + AWARENESS SUBCOMMITTEE
UPDATE
+ DISCUSSION**

TRAINING + AWARENESS SUBCOMMITTEE UPDATE + DISCUSSION

Michael Krumm
ACHT Training and Awareness Subcommittee Chair;
Lieutenant Colonel, Michigan State Police

DOT ADVISORY COMMITTEE ON HUMAN TRAFFICKING

TRAINING + AWARENESS SUBCOMMITTEE UPDATE

March 13, 2024

FOCUS AREAS/SCOPE

- Background/Introduction
- Initial Review/Revision

METHODS

- Review of current feedback and consolidation of document.
- Focused on key recommendations, best practices and removing duplicate information .
- Format report into new template

EXISTING RESOURCES

- Department of Transportation Leaders Against Human Trafficking (TLAHT)
- Department of Transportation & Department of Homeland Security Blue Lightning Initiative (DOT/DHS BLI)
- Truckers Against Trafficking

ANALYSIS + GAPS

1. Information for victims
2. Insufficient utilization of data analytics
3. Training Fatigue
4. Insufficient Funding to support initiatives

ANALYSIS STRENGTHS

1. Robust Training
2. Increased Awareness Training
3. Collaborative Victim Centered Approach is Best Practice

ANALYSIS WEAKNESSES

1. Efficacy of Training
2. Back Facing Employee Training

RECOMMENDATIONS FOR DOT

- Update current DOT training, certify existing training from NGO's and develop an assessment tool to ensure training objectives are met. Upon completion of the training a certificate of completion should be issued as proof of completion.
- DOT Funding:
 1. For organizations that develop Human Trafficking Training Materials.
 2. For agencies losing revenue in lieu of advertising

RECOMMENDATIONS FOR DOT

- Technology- QR Codes and Phone Applications.
- Public Awareness: “See something say something”
- Develop training and awareness toolkits for each individual transportation sector.
- Engage in periodic review of training and awareness efforts to identify best domestic and global practices and to optimize the use of evolving technologies.

RECOMMENDATIONS FOR DOT

- Encourage augmented anti-trafficking public awareness campaigns based on vulnerable routes/cities/locations
- Encourage companies and agencies to participate in DHS/DOT BLI and TLAHT initiatives.

RECOMMENDATIONS NGO'S FEDERAL/STATE AGENCIES AND PRIVATE COMPANIES.

- Curriculum developers (NGO's Federal/State Agencies and Private Companies) that create initial and recurrent training. All training developed should use survivor-informed input. Survivor-led training and awareness materials are recommended and created with the knowledge and expertise of lived experience experts. Ideally, this consists of a multiple survivors who have different lived experiences including, but not limited to, labor and sex trafficking survivors and who are compensated for their work. Recurrent training should build upon previous trainings in identifying and handling suspect trafficking situations. Recurrent training could include: a) changes to legislation or regulations; b) updates to the organization's policy and procedures related to trafficking in persons; c) case studies (especially occurrences of trafficking in persons which may have occurred at that workplace/mode of transportation); d) references to organizations dealing with trafficking in persons and any new useful information or tools; and e) methods to measure employee learning. This training should be tracked and include the same criteria as set forth in recommendation #1.

RECOMMENDATIONS FOR ALL

- Training that is specifically developed to remove barriers and fears of reporting suspected human trafficking cases. The training should also focus the developing a mechanism for proper reporting protocol at their place of employment.

RECOMMENDATIONS FOR ALL

- Sector refresher training should be a yearly or bi-yearly requirement for employees. Initial training should be mandatory for new hires.
- Convene meetings between private stakeholders and government agencies to develop stronger trafficking prevention and reporting partnerships. TAT's Coalitions builds serves as a model example for these.

RECOMMENDATIONS (CONTINUED)

- Develop a guide on where to post trafficking awareness material in federal, state, local and private facilities by modal.
- Develop model policy language/activities to include partnership engagements.

RECOMMENDATIONS UNIQUE?

- Encourage labor unions to participate in DHS/DOT BLI and TLAHT initiatives. (Industry)
- Encourage/require transportation companies to consistently show pre-departure public service announcements with messaging for both potential reporters and victims. (U.S. Congress)
- Encourage Human Trafficking Awareness Training for certification required positions. (Police Officer, CMV Driver, Pilot, For Hire Drivers, Mass Transit Operators Etc.). (Various)
- Although there are laws moving forward to require awareness material to be posted within transportation facilities, an audit or method of ensuring compliance is needed to obtain traction.

LUNCH BREAK

RESEARCH + DATA SUBCOMMITTEE UPDATE + DISCUSSION

RESEARCH + DATA SUBCOMMITTEE UPDATE + DISCUSSION

Kezban Yagci Sokat
ACHT Research & Data Subcommittee Member;
Assistant Professor of Business Analytics,
San Jose State University

DOT ADVISORY COMMITTEE ON HUMAN TRAFFICKING

RESEARCH + DATA SUBCOMMITTEE UPDATE

March 13, 2024

BACKGROUND

Sub-Committee Members

- ACHT Members
 - Shamere McKenzie, CEO, Sun Gate Foundation
 - Leslie Richards, CEO, SEPTA
 - Benito Ybarra, Executive VP of Global Standards, Guidance, and Certifications, The Institute of Internal Auditors
- ACHT SC Members (*non-ACHT members*)
 - Leslie Richards, CEO, SEPTA
 - Earlyne Alexander, Supplier Diversity Compliance Manager, Port Authority of NY & NJ
 - Lori Ann Chaussinand, Strategic Sales Development and Training, Pilot Company
 - Erin DiCesare, Associate Professor, Johnson C. Smith University
 - David Lorenzen, Systems Operations Division Director, Iowa Department of Transportation
 - Kezban Yagci Sokat, Assistant Professor, San Jose State University

FOCUS AREAS/SCOPE

- Additional data and/or research, especially since last report
- Incorporating the comments from first subcommittee report
- Incorporating other subcommittee work
- More, detailed, and targeted analysis and recommendations

METHODS

- Literature review
- Interviews
- Expert input

EXISTING RESOURCES: NATIONAL OUTREACH SURVEY FOR TRANSPORTATION

Key findings include:

- Nearly one-third of 2,792 respondents reported mandatory human trafficking training at their place of employment, while 23% were unsure.
- 85% of 3,870 respondents have never reported signs of human trafficking. This includes 62% of 341 law enforcement, 87% of 2,002 aviation workers, 92% of 266 transit workers, 97% of 935 roadway workers, and 47% of the remaining 326 respondents.
- 60% of 923 transportation workers stated that their agency has an established protocol for reporting suspected human trafficking.
- Among 3,551 respondents, 48% indicated they had concerns about misidentifying signs of human trafficking.
- During their exploitation, 65% of 158 survivors never saw a hotline number posted. In particular, 32% of 95 trafficking survivors never saw human trafficking awareness information in a restroom, and 23% said they rarely saw such information as they moved from location to location.
- 60% of 44 victim service providers say obtaining transportation services for their clients is difficult

2021 NATIONAL OUTREACH SURVEY FOR TRANSPORTATION

EXISTING RESOURCES

- Transit monitoring capacity expansion: analytics for combating human trafficking
- Forced labor and transportation: multi-disciplinary perspectives
- Unintended consequences at the intersection of human trafficking and autonomous vehicles: A transportation research need
- Automotive supply chains and forced labor

ANALYSIS & GAPS

- Very limited, inconsistent data across all agencies and organizations
- Limited data and research on ongoing efforts
 - Tracking of agency training and awareness efforts
- “Quantity” of the problem
- Work on supply chains
- Labor

RECOMMENDATIONS

- Evaluation
 - Evaluation of awareness campaigns
 - Evaluation of training
- Tracking of legislation outcomes
 - CDL
- Additional research and advocacy for research
 - Support for research
- Advocacy for data
 - Assign a personnel/budget for data collection
- Learning from other agencies and their (sub)committees
 - Senior Policy Operating Group's (SPOG) Procurement and Supply Chains Committee
 - Health and Human Services

KEY FOCUS ISSUES

- Forced Labor and Labor Trafficking
- Child Labor
- Migrant and Refugee Labor
- Worker Agency and Power
- Discrimination and Inequality
- Decent Work

What is Human Trafficking?

Trafficking Victims Protection Act (TVPA):

"The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services,

through the use of force, fraud, or coercion

for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery."

What is Forced Labor?

The use of force, fraud, or coercion to exploit the labor or services of another person

ILO Convention 29 defines it as:

"All work or service which is **exacted from any person**:

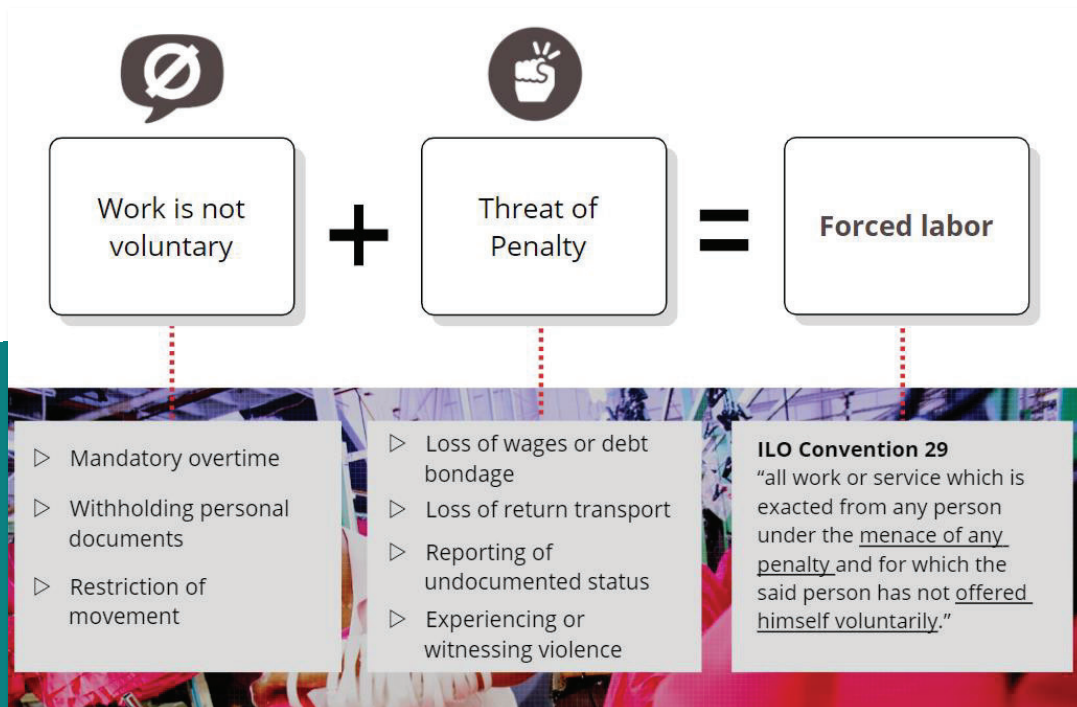

- ✓ under the menace of any penalty, and
- ✓ for which the said person has **not offered himself voluntarily.**"

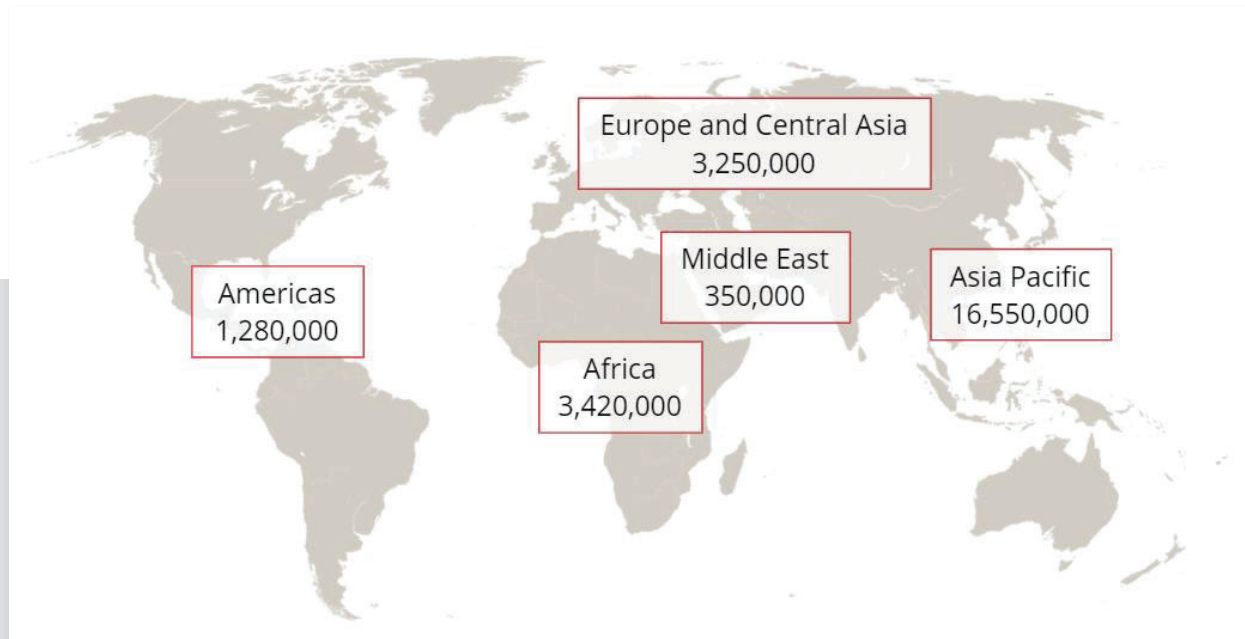

The indicators are:

- Abuse of vulnerability
- Deception
- Restriction of movement
- Isolation
- Physical and sexual violence
- Intimidation and threats
- Retention of identity documents
- Withholding of wages
- Debt bondage
- Abusive working and living conditions
- Excessive overtime

What is Forced Labor?

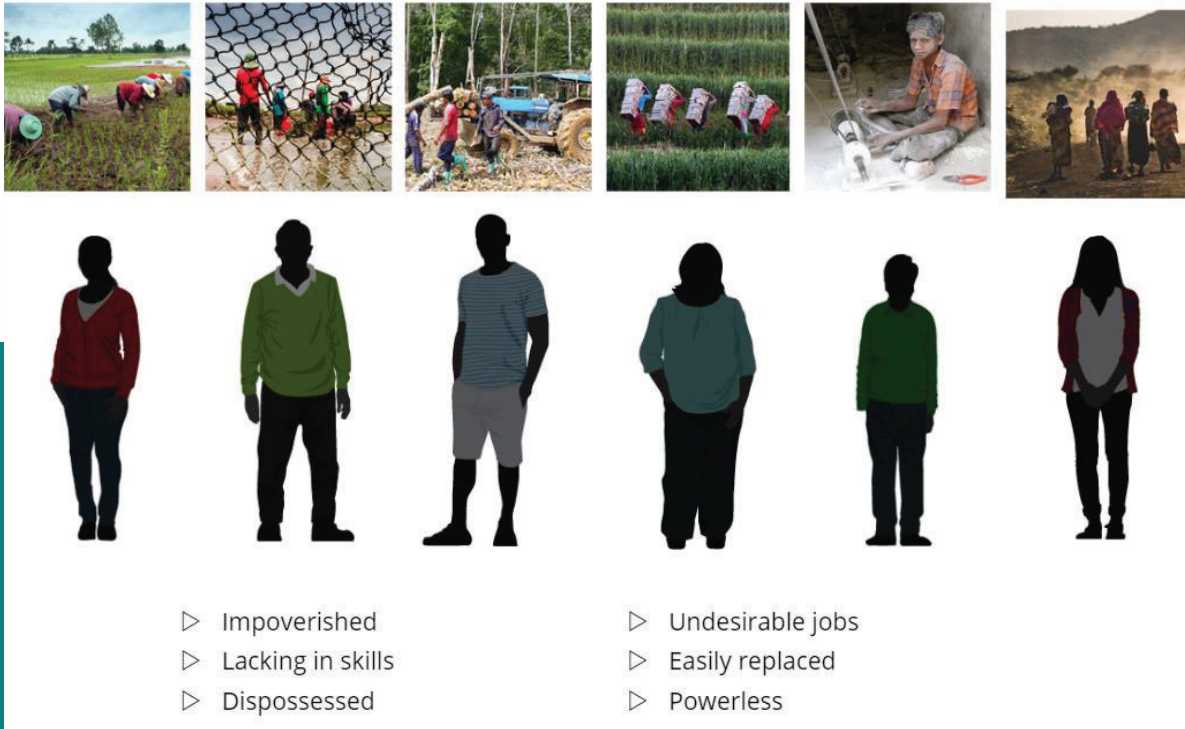

Forced Labor in the Global Economy

Industries

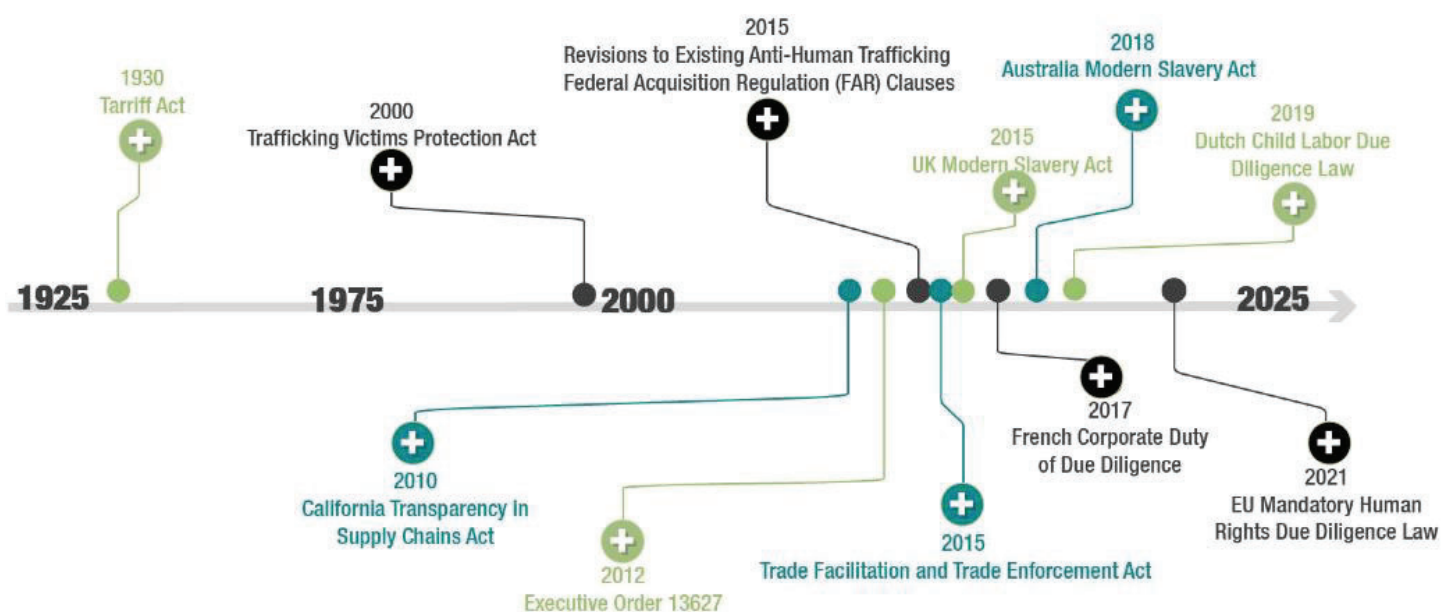

Vulnerable Populations

Recruited, Trafficked, and Bound by Debt

International Standards and Frameworks

Section 307 of the U.S. Tariff Act of 1930

- Prohibits the importing of any product that was mined, produced, or manufactured wholly or in part by forced labor (including forced or indentured child labor)
- U.S. Customs and Border Patrol (CBP) enforces the prohibition through a Withhold Release Order (WRO), where the imported goods are detained at U.S. ports to prevent entry into domestic commerce
- Any person who has reason to believe that merchandise produced by forced labor is being, or is likely to be, imported into the U.S. may report an allegation that CBP is required to evaluate

CBP UFLPA Enforcement Statistics (FY22-FY24 To Date)

- Established a “rebuttable presumption” (presumes something is true unless proven otherwise) that goods mined, produced, or manufactured wholly or in part in Xinjiang (or by an entity on the UFLPA Entity List) are prohibited from entering the U.S.
- Since enforcement began, CBP has detained over 7,000 shipments totaling an overall value of \$2.6 billion

Source: [CBP.gov](https://www.cbp.gov)
Source: [CBP.gov](https://www.cbp.gov)

CBP’s Dashboard Stats on UFLPA Enforcement

Child Labor Allegations in Automotive Industry

- In July 2022, a Reuters investigation alleged that subsidiaries of Hyundai-Kia in Alabama were employing underage workers (most of whom were refugee children from Central America)
 - Regulators were first tipped off about suspected child labor by an official at a local school where one of the children was enrolled
 - These children were illegally employed to operate heavy machinery and experienced workplace injuries
- The Office of Refugee Resettlement (ORR) found that the children experienced exploitation from debt bondage (e.g., repaying smuggling debts) and some of the children experienced threats of deportation from company officials
- The U.S. Department of Labor (DOL) and Alabama Department of Labor fined them repeatedly for violating the child labor provisions under the Fair Labor Standards Act and state laws
- Working to ensure future compliance with child labor regulations

Bureau of Justice Statistics

NCHRP Project: 20-121A: Countering Human Trafficking: A Toolkit for State DOTs

ANALYSIS + GAPS

- Multiple sources of Human Trafficking Training  Training geared toward specific environments – operators, security, rail, port authority – more trauma informed training.
 - ❖ Local resources – where and how to access resources
- Limited on data and statistics  Need a centralized location where all industries can combine data, trends, training materials, case studies, policies, best practices, lessons learned, etc.
- Lack of coordination and communication between Transportation modes and other industries.
 - ❖ Transportation
 - ❖ Health Care
 - ❖ Hotels
 - ❖ Agriculture
 - ❖ Manufacturing
 - ❖ Construction

ANALYSIS + GAPS (CONTINUED)

- Technology is continuously advancing but limited data on technology that can help with human trafficking for the Transportation industry.
- Most research discusses training and community outreach materials but lacks in leadership buy in, partnerships, and policy implementation for the Transportation industry.
 - ❖ All industries need to have a roundtable discussion
- Funding is lacking on the Human Trafficking issue for Transportation industry.

RECOMMENDATIONS

- **A multi-faceted approach** that involves various stakeholders, including government agencies, law enforcement, NGOs, and the transportation sector itself.
- **Policy and Procedure Implementations:**
 - ❖ Urge Transportation modes to implement an HR hiring policy that discourages hiring anyone with a human trafficking criminal charge.
 - ❖ Implement a procurement policy specifying prohibiting purchases from human trafficking-charged businesses.
 - ❖ Leadership to sign the pledge to stop human trafficking.
 - ❖ Implement procedures to investigate (**where applicable**) and report human trafficking incidents and train on local resources for victims/survivors.
- **Privacy Policy:** Urge all stakeholders to create and strengthen existing policies to incorporate privacy policies for victims.
 - ❖ Policies should prohibit employees who report suspected incidents of human trafficking from sharing sensitive or detailed information outside of management or law enforcement.

RECOMMENDATIONS (CONTINUED)

- **Law Enforcement:** Adopt the Enhanced Collaborative Model (IACP 2024), mandate that all law enforcement officers receive trauma-informed training, and provide local resources for victims/survivors.
- **Public/Private Partnerships:**
 - ❖ Ex. Truckers Against Trafficking + Walmart
 - ❖ Mandate partnerships with Transportation modes, Law Enforcement, and local task forces.
 - ❖ Encourage grants that promote job training and employment for survivors of human trafficking.
- **Job Training:**
 - ❖ Urge Transportation modes to work with local NGOs to hire survivors and have work programs.
- **Legislation:** Recommendations to Congress
- Transportation modes should be encouraged to implement a community outreach program.
- **Funding:** Increase annual grant funding for the Transportation industry.
- Surveys and research studies of legislation across the country on state and local level
