1. OVERVIEW

1.1 Background

The Department of Transportation, Transportation Services Division (TRANServe), administers the Parking and Transit Benefits program. This system will serve as the publicly accessible interface for managing Transit benefits. TRANServe Services include purchasing and distributing transit fare media through the TRANServe Debit Card via Economy Act agreements and the authority of the Administrative Working Capital Fund (49 U.S.C. 327). The office currently supports 276 Agencies and sub-divisions, proving timely and efficient transit benefit service to over 200,000 customers, 60,000 of whom use the online Transit Application.

TRANServe has redesigned the current Transit WebApplication into a "new" user friendly, mobile site designed specifically for mobile devices. The mobile version of the WebApplication has been optimized for smaller screens found on mobile phones and tablets. This will allow federal government workers to apply for the transit benefit, request information, withdraw from the program and recertify using a mobile device. Further, TRANServe TBMs, Admins, first, second, and third level approvers will be able to view, update, approve, or disapprove applications from a mobile device from anywhere and at any time.

1.2 Purpose

The Transit Benefit Application user guide is designed to provide written instruction on how to use the application effectively and efficiently.

3.1.2 Monthly Certification

If your Agency is participating in The Monthly Certification Program, this option will allow the applicant to recertify without having to update any participant information. There are three types of applications that will meet the requirement. These are: New Transit Benefit Participant, Annual Certification/Recertification, and Monthly Certification.

When an agency is set-up for monthly certifications the participants are required to submit a recertification based on the frequency set by the agency. This could be anywhere from once a month to once a year. When participants are added to the program, notifications are sent via email. This email will contain the status of the online account. If the account is current the email will display the date the current recertification will expire. If the account is in suspended status the email will instruct the participant to submit an application.

Reminder emails will be sent to the participant leading up to the expiration date. If the participant does not submit an application on or before the expiration date the account will be put in suspended status. If the submitted application has been disapproved and sent back to the participant, the online account will remain in suspended status until the application is resubmitted. If the account is suspended the participant will need to submit via the Certify/Enroll/Change page. The available reasons for certification are Annual Certification/Recertification and New Transit Benefit Participant. Selecting Annual Certification and submitting an application will reactive the online account. The application will need to be fully processed to finalize the reactivation. An email will be sent to the participant with the next recertification date.

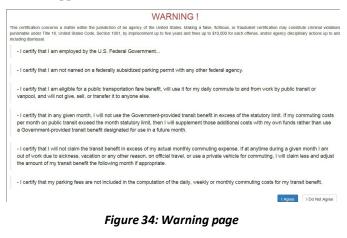

Use the following steps to submit a Monthly Certification application:

- 1. From the Select an Action to Continue page; select the Monthly Certification radio button.
- 2. Click the **Continue** button. The Warning page is displayed.
- 3. After reading the message; click the **I** Agree button. The Transit Benefit Application Worksheet is displayed.

Note: If the applicant does not agree, click the I Do Not Agree button to display the Select an Action to Continue page.

Note: The applicant must be enrolled in the Monthly Certification Program to submit a monthly certification application.

Note: If your agency has disabled the Monthly Certification option on the Select an Action to Continue page, recertify via the Certify/Enroll/Change page.

4. The application displayed is the current application on file. Verify that all prepopulated information is correct and valid.

Note: The applicant can ONLY update the method of transportation and rates when submitting via the monthly certification page.

Note: If the address entered when the application was initially submitted is invalid; the monthly certification will not be able to be submitted. The applicant will need to submit an application via Certify/Enroll/Change to update the address.

Note: If the Manager, Supervisor, or POC selected when the application was initially submitted is no longer available for selection; the monthly certification will not be able to be submitted. The applicant will need to submit an application via Certify/Enroll/Change to update the Manager, Supervisor, or POC selections.
