GENERAL TERMS AND CONDITIONS

The Infrastructure Investment and Jobs Act, Pub. L. No. 117-58 (Nov. 15, 2021) (the “**IIJA**”) made funds available to the United States Department of Transportation (the “**USDOT**”) for fiscal years 2025-26 to carry out 49 U.S.C. 6701 by providing Federal financial assistance for national infrastructure projects. The USDOT program administering those funds is the Mega program.

On March 25, 2024, the USDOT posted a funding opportunity at Grants.gov with funding opportunity title “Mega Grants” and funding opportunity number NIPA-25-26-MEGA. The notice of funding opportunity posted at Grants.gov (the “**NOFO**”) solicited applications for Federal financial assistance under the fiscal years 2025-2026 Mega program. Because the NOFO also made funding available for two other programs, DOT also collected Mega applications under funding opportunity numbers NSMFHP-25-26-INFRA and RSTGP-25-26-RURAL. On October 21, 2024, the USDOT announced application selections under the NOFO for the Mega program.

These general terms and conditions are incorporated by reference in a project-specific agreement under the fiscal years 2025-26 Mega program. The term “Recipient” is defined in the project-specific portion of the agreement. The project-specific portion of the agreement includes schedules A through K. The project-specific portion of the agreement may include special terms and conditions in project-specific articles.

ARTICLE 1 PURPOSE

1.1 Purpose. The purpose of this award is to fund an eligible project to help achieve the goals identified in section A.1 of the NOFO. The parties will accomplish that purpose by achieving the following objectives:

- (1) timely completion of the Project; and
- (2) ensuring that this award does not substitute for non-Federal investment in the Project, except as proposed in the Technical Application, as modified by schedule D.

ARTICLE 2 USDOT ROLE

2.1 Division of USDOT Responsibilities.

- (a) The Office of the Secretary of Transportation is responsible for the USDOT’s overall administration of the Mega program, the approval of this agreement, and any modifications to this agreement under section 15.1.

- (b) The Federal Railroad Administration (the “**FRA**”) will administer this agreement on behalf of the USDOT. In this agreement, the “**Administering Operating Administration**” means the FRA.

ARTICLE 3 RECIPIENT ROLE

3.1 Statements on the Project. The Recipient states that:

- (1) all material statements of fact in the Technical Application were accurate when that application was submitted; and
- (2) schedule E documents all material changes in the information contained in that application.

3.2 Statements on Authority and Capacity. The Recipient states that:

- (1) it has the authority to receive Federal financial assistance under this agreement;
- (2) it has the legal authority to complete the Project;
- (3) it has the capacity, including institutional, managerial, and financial capacity, to comply with its obligations under this agreement;
- (4) not less than the difference between the total eligible project costs listed in section 3 of schedule D and the Mega Grant Amount listed in section 1 of schedule D is committed to fund the Project;

- (5) it has sufficient funds available to ensure that infrastructure completed or improved under this agreement will be operated and maintained in compliance with this agreement and applicable Federal law; and
- (6) the individual executing this agreement on behalf of the Recipient has authority to enter this agreement and make the statements in this article 3 and in section 21.7 on behalf of the Recipient.

3.3 USDOT Reliance. The Recipient acknowledges that:

- (1) the USDOT relied on statements of fact in the Technical Application to select the Project to receive this award;
- (2) the USDOT relied on statements of fact in both the Technical Application and this agreement to determine that the Recipient and the Project are eligible under the terms of the NOFO;
- (3) the USDOT relied on statements of fact in both the Technical Application and this agreement to establish the terms of this agreement; and
- (4) the USDOT's selection of the Project to receive this award prevented awards under the NOFO to other eligible applicants.

3.4 Project Delivery.

- (a) The Recipient shall complete the Project under the terms of this agreement.
- (b) The Recipient shall ensure that the Project is financed, constructed, operated, and maintained in accordance with all Federal laws, regulations, and policies that are applicable to projects of the Administering Operating Administration.

3.5 Rights and Powers Affecting the Project.

- (a) The Recipient shall not take or permit any action that deprive it of any rights or powers necessary to the Recipient's performance under this agreement without written approval of the USDOT.
- (b) The Recipient shall act promptly, in a manner acceptable to the USDOT, to acquire, extinguish, or modify any outstanding rights or claims of right of others that would interfere with the Recipient's performance under this agreement.

3.6 Notification of Changes to Key Personnel. The Recipient shall notify all USDOT representatives who are identified in section 5 of schedule A in writing within 30 calendar days of any change in key personnel who are identified in section 4 of schedule A.

ARTICLE 4

AWARD AMOUNT, OBLIGATION, AND TIME PERIODS

4.1 Federal Award Amount. The USDOT hereby awards a Mega Grant to the Recipient in the amount listed in section 1 of schedule D as the Mega Grant Amount.

4.2 Federal Funding Source and Year.

- (a) The Mega Grant is from funding that was appropriated in IIJA div. J, tit. VIII under the heading “Department of Transportation—Office of the Secretary—National Infrastructure Investments” to carry out 49 U.S.C. 6701.
- (b) If the Single- or Multi-year Designation in section 5 of schedule F is “Single-year,” then the Mega Grant is from funding that was appropriated for fiscal year 2025 or fiscal year 2026.
- (c) If the Single- or Multi-year Designation in section 5 of schedule F is “Multi-year,” then the allocation of funding by fiscal year is described in section 4.6(c).

4.3 Federal Obligations.

- (a) If the Federal Obligation Type identified in section 2 of schedule D is “Single,” then this agreement obligates for the budget period the amount listed in section 1 of schedule D as the Mega Grant Amount and sections 4.3(c)–4.3(h) do not apply to this agreement.
- (b) If the Federal Obligation Type identified in section 2 of schedule D is “Multiple,” then an amount up to the Mega Grant Amount listed in section 1 of schedule D will be obligated with one initial obligation and one or more subsequent, optional obligations, as described in sections 4.3(c)–4.3(h).
- (c) The Obligation Condition Table in section 2 of schedule D allocates the Mega Grant among separate portions of the Project for the purpose of the Federal obligation of funds. The scope of each portion of the Project that is identified in that table is described in section 2 of schedule B.
- (d) This agreement obligates for the budget period only the amounts allocated in the Obligation Condition Table in section 2 of schedule D to portions of the Project for which that table does not list an obligation condition.
- (e) This agreement does not obligate amounts allocated in the Obligation Condition Table in section 2 of schedule D to portions of the Project for which that table lists an obligation condition. The parties may obligate the amounts allocated to those portions of the Project only as described in section 4.3(f) or by modifying this agreement under article 15.
- (f) For each portion of the Project for which the Obligation Condition Table in section 2 of schedule D lists an obligation condition, the amount allocated in that table to that portion

of the Project is obligated if the parties execute an instrument, in the form provided in Exhibit D, documenting that:

- (1) the USDOT determines that the obligation condition listed in that table for that portion of the Project is satisfied;
 - (2) the USDOT determines that all applicable Federal requirements for obligating the amount are satisfied; and
 - (3) the Recipient states that it is not required to request a modification of this agreement under article 5.
- (g) The Recipient shall not request reimbursement of costs for a portion of the Project for which the Obligation Condition Table in section 2 of schedule D lists an obligation condition, unless the amount allocated in that table to that portion of the Project is obligated under section 4.3(f).
- (h) The Recipient acknowledges that the USDOT is not liable for payments for a portion of the Project for which the Obligation Condition Table in section 2 of schedule D lists an obligation condition, unless the amount allocated in that table to that portion of the Project is obligated under section 4.3(f).

4.4 Budget Period. The budget period for this award begins on the date of this agreement and ends on the budget period end date that is listed as the “Federal Funding Period” in ¶ 5 on the agreement cover sheet. In this agreement, “budget period” is used as defined at 2 C.F.R. 200.1.

4.5 Period of Performance. The period of performance for this award is listed as the “Project Performance Period” in ¶ 4 on the agreement cover sheet. In this agreement, “period of performance” is used as defined at 2 C.F.R. 200.1.

4.6 Multi-year Agreements.

- (a) If the Single- or Multi-year Designation in section 5 of schedule F is “Single-year,” then this is a single-year grant agreement and sections 4.6(b)–4.6(e) do not apply to this agreement.
- (b) If the Single- or Multi-year Designation in section 5 of schedule F is “Multi-year,” then this is a multi-year grant agreement under 49 U.S.C. 6701(j)(1)–(3). The maximum multi-year award under this agreement is listed in section 6 of schedule D.
- (c) The USDOT has allocated the amounts obligated under section 4.3 across fiscal year funding sources as described in the Obligation by Fiscal Year Table in section 6 of schedule D.

- (d) The USDOT may obligate for the Project an additional amount of future available budget authority specified in law. The Contingent Commitment by Fiscal Year Table in section 6 of schedule D describes the allocation of future available budget authority by fiscal year, as anticipated by the parties on the date of this agreement. This agreement does not obligate amounts described in the Contingent Commitment by Fiscal Year Table in section 6 of schedule F. To obligate amounts described in that table, the parties must amend this agreement under article 15 on or after October 1 of the relevant fiscal year. The USDOT's obligation of additional amounts under this section 4.6(d) is subject to the availability of Federal funds and the Recipient's performance under this agreement.
- (e) Any funds disbursed under the Mega program for the Project before the completion of any review required under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) may only cover costs associated with development-phase activities described in 49 U.S.C. 6701(h)(1)(A).

ARTICLE 5

STATEMENT OF WORK, SCHEDULE, AND BUDGET CHANGES

- 5.1 Notification Requirement.** The Recipient shall notify all USDOT representatives who are identified in section 5 of schedule A in writing within 30 calendar days of any change in circumstances or commitments that adversely affect the Recipient's plan to complete the Project. In that notification, the Recipient shall describe the change and what actions the Recipient has taken or plans to take to ensure completion of the Project. This notification requirement under this section 5.1 is separate from any requirements under this article 5 that the Recipient request modification of this agreement.
- 5.2 Scope and Statement of Work Changes.** If the Project's activities differ from the activities described in schedule B, then the Recipient shall request a modification of this agreement to update schedule B.
- 5.3 Schedule Changes.** If one or more of the following conditions are satisfied, then the Recipient shall request a modification of this agreement to update schedule C:
- (1) a completion date for the Project or a component of the Project is listed in section 2 of schedule C and the Recipient's estimate for that milestone changes to a date that is more than six months after the date listed in section 2 of schedule C;
 - (2) a schedule change would require the budget period to continue after the end of the budget period defined in section 4.4; or
 - (3) a schedule change would require the period of performance to continue after the end of the period of performance defined in section 4.5.

For other schedule changes, the Recipient shall follow the applicable procedures of the Administering Operating Administration and document the changes in writing.

5.4 Budget Changes.

- (a) The Recipient acknowledges that if the cost of completing the Project increases:
 - (1) that increase does not affect the Recipient's obligation under this agreement to complete the Project; and
 - (2) the USDOT will not increase the amount of this award to address any funding shortfall.
- (b) The Recipient shall request a modification of this agreement to update schedule D if, in comparing the Project's budget to the amounts listed in the "Project Budget by Source" table in section 3 of schedule D:
 - (1) the "Non-Federal Funds" project contribution amount decreases; or
 - (2) the total eligible project costs amount decreases.
- (c) For budget changes that are not identified in section 5.4(b), the Recipient shall follow the applicable procedures of the Administering Operating Administration and document the changes in writing.
- (d) If there are Project Cost Savings, then the Recipient may propose to the USDOT, in writing consistent with the Administering Operating Administration's requirements, to include in the Project specific additional activities that are within the scope of this award, as defined in section 1.1 and schedule B, and that the Recipient could complete with the Project Cost Savings.

In this agreement, "**Project Cost Savings**" means the difference between the actual eligible project costs and the total eligible project costs that are listed in the "Project Budget by Source" table in section 3 of schedule D, but only if the actual eligible project costs are less than the total eligible project costs that are listed in the "Project Budget by Source" table in section 3 of schedule D. There are no Project Cost Savings if the actual eligible project costs are equal to or greater than the total eligible project costs that are listed in the "Project Budget by Source" table in section 3 of schedule D.

- (e) If there are Project Cost Savings and either the Recipient does not make a proposal under section 5.4(d) or the USDOT does not accept the Recipient's proposal under section 5.4(d), then:
 - (1) in a request under section 5.4(b), the Recipient shall reduce the Federal Share by the Project Cost Savings; and

- (2) if that modification reduces this award and the USDOT had reimbursed costs exceeding the revised award, the Recipient shall refund to the USDOT the difference between the reimbursed costs and the revised award.

In this agreement, “**Federal Share**” means the sum of the total “Mega Funds” and “Other Federal Funds” amounts that are listed in section 3 of schedule D.

- (f) The Recipient acknowledges that amounts that are required to be refunded under section 5.4(e)(2) constitute a debt to the Federal Government that the USDOT may collect under 2 C.F.R. 200.346 and the Standards for Administrative Collection of Claims (31 C.F.R. part 901).

5.5 USDOT Acceptance of Changes. The USDOT may accept or reject modifications requested under this article 5, and in doing so may elect to consider only the interests of the Mega program and the USDOT. The Recipient acknowledges that requesting a modification under this article 5 does not amend, modify, or supplement this agreement unless the USDOT accepts that modification request and the parties modify this agreement under section 15.1.

ARTICLE 6 GENERAL REPORTING TERMS

- 6.1 Report Submission.** The Recipient shall send all reports required by this agreement to all USDOT contacts who are listed in section 5 of schedule A and all USDOT contacts who are listed in section 2.2.
- 6.2 Alternative Reporting Methods.** The Administering Operating Administration may establish processes for the Recipient to submit reports required by this agreement, including electronic submission processes. If the Recipient is notified of those processes in writing, the Recipient shall use the processes required by the Administering Operating Administration.
- 6.3 Paperwork Reduction Act Notice.** Under 5 C.F.R. 1320.6, the Recipient is not required to respond to a collection of information that does not display a currently valid control number issued by the Office of Management and Budget (the “**OMB**”). Notwithstanding any other term of this agreement, the due date for any information collections required under this agreement, including the reporting requirements in articles 7 and 8 is the later of (1) the due date stated with the requirement and (2) the 30th day after OMB approves that information collection.

ARTICLE 7

PROGRESS AND FINANCIAL REPORTING

7.1 Quarterly Project Progress Reports and Recertifications.

- (a) On or before the 30th day of the first month of each calendar year quarter and until the end of the period of performance, the Recipient shall submit to the USDOT a Quarterly Project Progress Report and Recertification that contains, for the previous quarter:
- (1) a complete FRA Form 34¹;
 - (2) a certification that the Recipient is in compliance with 2 C.F.R. 200.303 (Internal Controls) and 2 C.F.R. Part 200, Subpart F (Audit Requirements); and
 - (3) the certification required under 2 C.F.R. 200.415(a).

If the date of this agreement is in the final month of a calendar year quarter, then the Recipient shall submit the first Quarterly Project Progress Report and Recertification in the second calendar year quarter that begins after the date of this agreement.

- (b) On or before the 30th day of the first month of each calendar year quarter and until the end of the period of performance, the Recipient shall submit to the USDOT through GrantSolutions a Federal Financial Report (SF-425) covering the previous calendar year quarter.

7.2 Final Progress Reports and Financial Information. No later than 120 days after the end of the period of performance, the Recipient shall submit

- (1) a final Quarterly Project Progress Report and Recertification in the format and with the content described in section 7.1(a) for each Quarterly Project Progress Report and Recertification;
- (2) a final SF-425 through GrantSolutions;
- (3) a Final Performance Report FRA Form 33 as provided by FRA²; and
- (4) any other information required under the Administering Operating Administration's award closeout procedures.

¹ FRA Form 34 is available at <https://railroads.dot.gov/grant-administration/reporting-requirements/fra-reports>

² FRA Form 33 is available at <https://railroads.dot.gov/grant-administration/reporting-requirements/fra-reports>

ARTICLE 8

PERFORMANCE MEASUREMENT AND REPORTING

8.1 Baseline Performance Measurement.

- (a) Before the start of construction on the Project but not earlier than one year before the start of construction on the Project, the Recipient shall collect baseline data for each performance measure that is enumerated in schedule G.
- (b) Not later than January 31 of the calendar year that begins after the Recipient collects baseline data under section 8.1(a), the Recipient shall submit a Baseline Performance Measurement Report containing the data collected under section 8.1(a), stating the dates when the data was collected, and describing, in detail, the data sources, assumptions, variability, and estimated levels of precision for each performance measure that is enumerated in schedule G.

8.2 Post-construction Performance Measurement.

- (a) For each performance measure that is enumerated in schedule G and has a quarterly measurement frequency, for each of 19 consecutive calendar quarters, beginning with the first calendar quarter that begins after the Project substantial completion date, at least once during the quarter, the Recipient shall collect data for that performance measure.
- (b) For each performance measure that is that is enumerated in schedule G and has an annual measurement frequency, the Recipient shall collect data for that performance measure on at least five separate occasions: (i) once during the three consecutive calendar quarters that begin after the Project substantial completion date; (ii) once during the fourth calendar quarter after the first collection; (iii) once during the eighth calendar quarter after the first collection; (iv) once during the twelfth calendar quarter after the first collection; and (v) once during the sixteenth calendar quarter after the first collection.
- (c) Not later than January 31 of each year that follows a calendar year during which data was collected under this section 8.2, the Recipient shall submit to the USDOT a Post-construction Performance Measurement Report containing the data collected under this section 8.2 in the previous calendar year and stating the dates when the data was collected.
- (d) If an external factor significantly affects the value of a performance measure collected under this section 8.2, then the Recipient shall identify that external factor in the Post-construction Performance Measurement Report described in section 8.2(c) and discuss the external factor's influence on the performance measure.

8.3 Project Outcomes Report. The Recipient shall submit to the USDOT, not later than January 31 of the year that follows the final calendar year during which data was collected under section 8.2, a Project Outcomes Report that contains:

- (a) an analysis of the impacts of the project, including a comparison of the baseline performance measurement data collected under section 8.1 with the post-construction performance measurement data that the Recipient reported in the final Post-construction Performance Measurement Report required under section 8.2(c);
- (b) for each performance measure that is enumerated in schedule G, an analysis of the accuracy of the projected outcome listed in schedule G; and
- (c) all data collected under sections 8.1 and 8.2.

8.4 General Performance Measurement Requirements. For each performance measure that is enumerated in schedule G, the Recipient shall ensure that all data collections under this article 8 are completed in a manner consistent with the description, location, and other attributes associated with that performance measure in schedule G.

8.5 Outcome Measurement and Reporting Survival. The data collection and reporting requirements in this article 8 survive the termination of this agreement.

ARTICLE 9 NONCOMPLIANCE AND REMEDIES

9.1 Noncompliance Determinations.

- (a) If the USDOT determines that the Recipient may have failed to comply with the United States Constitution, Federal law, or the terms and conditions of this agreement, the USDOT may notify the Recipient of a proposed determination of noncompliance. For the notice to be effective, it must be written and the USDOT must include an explanation of the nature of the noncompliance, describe a remedy, state whether that remedy is proposed or effective at an already determined date, and describe the process through and form in which the Recipient may respond to the notice.
- (b) If the USDOT notifies the Recipient of a proposed determination of noncompliance under section 9.1(a), the Recipient may, not later than 7 calendar days after the notice, respond to that notice in the form and through the process described in that notice. In its response, the Recipient may:
 - (1) accept the remedy;
 - (2) acknowledge the noncompliance, but propose an alternative remedy; or
 - (3) dispute the noncompliance.

To dispute the noncompliance, the Recipient must include in its response documentation or other information supporting the Recipient's compliance.

- (c) The USDOT may make a final determination of noncompliance only:

- (1) after considering the Recipient's response under section 9.1(b); or
 - (2) if the Recipient fails to respond under section 9.1(b), after the time for that response has passed.
- (d) To make a final determination of noncompliance, the USDOT must provide a notice to the Recipient that states the bases for that determination.

9.2 Remedies.

- (a) If the USDOT makes a final determination of noncompliance under section 9.1, the USDOT may impose a remedy, including:
- (1) additional conditions on the award;
 - (2) any remedy permitted under 2 C.F.R. 200.339–200.340, including withholding of payments; disallowance of previously reimbursed costs, requiring refunds from the Recipient to the USDOT; suspension or termination of the award; or suspension and disbarment under 2 C.F.R. part 180; or
 - (3) any other remedy legally available.
- (b) To impose a remedy, the USDOT must provide a written notice to the Recipient that describes the remedy, but the USDOT may make the remedy effective before the Recipient receives that notice.
- (c) If the USDOT determines that it is in the public interest, the USDOT may impose a remedy, including all remedies described in section 9.2(a), before making a final determination of noncompliance under section 9.1. If it does so, then the notice provided under section 9.1(d) must also state whether the remedy imposed will continue, be rescinded, or modified.
- (d) In imposing a remedy under this section 9.2 or making a public interest determination under section 9.2(c), the USDOT may elect to consider the interests of only the USDOT.

- (g) The Recipient shall complete any mitigation activities described in the environmental document or documents for the Project, including the terms and conditions contained in the required permits and authorizations for the Project. Section 3 of schedule B identifies documents describing mitigation activities, but the absence of a document from that section does not relieve the Recipient of any compliance obligations.

(c) As required under section 24.4 and 49 U.S.C. 22905(c)(1), except as provided in section 24.10(a), if the Project uses rights-of-way owned by a railroad, the Recipient states that a written agreement exists between that railroad and the Recipient regarding use and ownership of the rights-of-ways and that agreement includes:

- (1) terms addressing compensation for such use;
- (2) assurances regarding the adequacy of infrastructure capacity to accommodate both existing and future freight and passenger operations;

- (3) an assurance by the railroad that collective bargaining agreements with the railroad's employees (including terms regulating the contracting of work) will remain in full force and effect according to their terms for work performed by the railroad on the railroad transportation corridor; and
