Subject: ARRA Section 1201 Certification Maintenance of Effort (MOE)

This letter is to confirm that the District Department of Transportation (DDOT) does not intend to submit a new certification, per the most recent U.S. DOT MOE guidance. DDOT is simply switching MOE expenditures from one Highway Infrastructure Investment eligible activity to another. This does not affect DDOT’s last MOE certification, which complies with MOE guidance, and there is no need to amend the certification. DDOT’s Total Highway Infrastructure Investment remains the same at $151,006,917 and Total Transit Capital Assistance remains the same at $105,071,029 for the period February 17, 2009 to September 30, 2010.

Sincerely,

Gabe Klein
Director
District of Columbia Department of Transportation
