Deadline: Monday September 19, 2016 by 12 Noon Eastern

About The Leadership Academy

The Leadership Academy is about helping community members learn the basics of how transportation decisions are made.

What You'll Take Away

- Knowledge about transportation planning and project development.
- Real skills to participate in the process and voice your suggestions to decision-makers.

What We'll Take Away

- Your valuable input and feedback.
- A Toolkit your community members can easily use and understand.

We are looking for community members – not transportation experts – from all over the country.
