

**GROW AMERICA Act:**

**NORTHERN MARIANA ISLANDS**

N. MARIANA ISLANDS

The **GROW AMERICA Act** is a six-year transportation reauthorization proposal transmitted to Congress by the Administration that provides increased and stable funding for our Nation’s highways, bridges, transit, and rail systems. The **GROW AMERICA Act** will allow States and local governments to effectively plan and start construction on projects that will support millions of good paying jobs over the next several years and improve our economy and global competitiveness.

As displayed in the tables below, the Administration’s proposed **GROW AMERICA Act** would put **more resources into the Northern Mariana Islands’ highway and transit systems** than a scenario of continued short-term patches at flat funding levels:
