MARINE HIGHWAYS							
State	Designation	Description			Type		
MD	M-95 Corridor	The M-95 Corridor includes the Atlantic Ocean coastal waters, Atlantic Intracoastal Waterway, and connecting commercial navigation channels, ports, and harbors. It stretches from Miami, FL to Portland, ME and spans 15 states. It connects to the M-87 Connector and the M-90 Corridor near New York City; and the M-64 Connector at Norfolk, VA.			Corridor		
MD	M-495 Crossing	The M-495 Marine Highway Crossing includes the navigable portions of the Anacostia, Occoquan and Potomac Rivers. These segments have potential to reduce regional rush-hour congestion through the operation of passenger ferry services and would provide a needed redundancy to the regional system.			Crossing
