

## **NATIONAL ADVISORY COMMITTEE ON TRAVEL AND TOURISM INFRASTRUCTURE**

### **Roles of the Committee**

- Advise the Secretary of Transportation on current and emerging priorities, issues, projects, and funding needs related to the use of the intermodal transportation network of the United States to facilitate travel and tourism;
- Serve as a forum for discussion for travel and tourism stakeholders on transportation issues affecting interstate and interregional mobility of passengers;
- Promote the sharing of information between the private and public sectors on transportation issues impacting travel and tourism;
- Gather information, develop technical advice, and make recommendations to the Secretary on policies that improve the condition and performance of an integrated national transportation system;
- Identify critical transportation facilities and corridors that facilitate and support the interstate and interregional transportation of passengers for tourism, commercial, and recreational activities;
- Provide for development of measures of condition, safety, and performance for transportation related to travel and tourism;
- Provide for development of transportation investment, data, and planning tools to assist Federal, State, and local officials in making investment decisions relating to transportation projects that improve travel and tourism; and
- Address other issues of transportation policy and programs impacting the movement of travelers for tourism and recreational purposes, including by making legislative recommendations.
