GENERAL PROVISIONS OF GRANTS FOR 2016 UNIVERSITY TRANSPORTATION CENTERS

I. GENERAL REQUIREMENTS

1. The Grantee must commence, carry out, and complete its work with all practicable dispatch, in a sound, economical, and efficient manner, and in accordance with the provisions hereof, the Grant Agreement, the *Grant Deliverables and Reporting Requirements for 2016 University Transportation Centers (UTCs)*, the activities outlined in the Grantee's application for funding including any revised, updated budget approved by the Office of the Assistant Secretary for Research and Technology (OST-R) Grants Manager, and all applicable laws, regulations, Department of Transportation (DOT) directives, and published Federal policies.
2. The Grantee must immediately notify OST-R of any change in local law, conditions, or any other event, including any litigation challenging the validity of or seeking interpretation of any Federal law or regulation applicable to the UTC Program, which may significantly affect the Grantee's ability to perform in accordance with the terms of this Grant. In addition, the Grantee must immediately notify OST-R of any decision pertaining to the Grantee's conduct of litigation that may affect DOT interests or DOT administration or enforcement of applicable Federal laws or regulations. Before the Grantee may join DOT, or any of its Operating Administrations, as a named party to litigation, for any reason, the Grantee agrees first to inform OST-R; this proviso applies to any type of litigation whatsoever, in any form.
3. The *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (2 C.F.R. Part 200) apply to this Grant. This regulation streamlines the language from existing Office of Management & Budget (OMB) circulars into one consolidated set of guidance in the Code of Federal Regulations (CFR). This regulation sets forth standards for financial and program management, cost principles, matching funds, property standards, procurement standards, reports and record retention and access, audits, and termination and enforcement.
4. The Grantee must comply with the government-wide cost principles contained in *Subpart E – Cost Principles in 2 C.F.R. Part 200*, formerly OMB Circular A-21 Cost Principles for Educational Institutions, for determining costs applicable to research and development and to training and other educational services performed by colleges and universities under Federal government grants.
5. The Grantee must comply with the uniform audit requirements for non-Federal entities contained in *Subpart F – Audit Requirements in 2 C.F.R. Part 200*, formerly OMB Circular A-133 Audits of States, Local Governments, and Non-Profit Institutions. The Grantee must also permit authorized Federal representatives to inspect all of its own or a subgrantee's work, materials, payrolls, and other data related to the UTC Program, upon request.
6. The Grantee must apply all applicable sections of these Provisions to any subgrant(s) executed under this Grant.

7. DOT cannot assume any liability for accidents, illnesses, or claims arising out of any work supported by an award or for unauthorized use of patented or copyrighted materials. The Grantee is advised to take such steps as may be deemed necessary to insure or protect itself, its employees, and its property.
8. As a Recipient of DOT assistance, the Grantee must review the list of parties excluded from Federal procurement or non-procurement programs located on the Excluded Parties List System at www.sam.gov before entering into a sub-agreement or contract, per DOT Order 4200.5E. The Grantee must also inform OST-R when it takes action to suspend or debar a contractor, person, or entity.
9. The Grantee must comply with the Federal Funding Accountability and Transparency Act of 2006 (FFATA). The FFATA legislation requires information on Federal awards (Federal financial assistance and expenditures) be made available to the public. The FFATA reporting system is the tool Federal lead grantees use to capture and report subaward and executive compensation data regarding their first-tier subawards in order to meet the FFATA reporting requirements.
10. Executive Order 13513 (October 1, 2009) requires each Federal agency to encourage Grantees and subgrantees to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or while driving privately owned vehicles when on official business or when performing any work for or on behalf of the Government. OST-R encourages all of its Grantees and subgrantee to undertake initiatives to consider new rules and programs, and reevaluate existing programs, to prohibit text messaging while driving, and to conduct education, awareness, and other outreach for employees about the safety risks associated with texting while driving. These initiatives should encourage voluntary compliance with the organization's text messaging policy while off duty.

II. SPECIFIC STATUTORY REQUIREMENTS

1. Non-Federal Match

a) Amount and Sources

The funds awarded under this Grant as stated in the Grant Agreement and any Modifications as authorized by 49 U.S.C. § 5505 are subject to a non-Federal match. A National or Regional UTC is required to provide non-Federal matching funds at 100 percent of the amount of Federal funds awarded; Tier 1 UTCs are required to provide non-Federal matching funds at 50 percent of the amount of Federal funds awarded.

As established in Federal regulations, matching funds may be cash or in-kind and must, among other stated OMB requirements, be used to accomplish program objectives and the purpose of this Grant, and be fully documented and fully accounted for in the Grantee's records as required in 2 C.F.R. 200.300 – 200.337.

- The non-Federal share of UTC costs may include funds provided to a Recipient under §§ 504(b) or 505 of Title 23, United States Code. Those sections refer, respectively, to the local/tribal technical assistance and state planning and research programs managed by the Federal Highway Administration.
- With prior approval from your Grant Manager, program income may be used to meet the match requirement of the grant award; however, the amount of the grant award remains the same.
- The UTC Program accepts unrecovered indirect costs as match with prior approval from your Grant Manager. Unrecovered indirect cost means the difference between the amount charged to the grant award and the amount which could have been charged to the grant award under the Center's approved negotiated indirect cost rate. Such costs must be fully documented for audit purposes.

b) Timing

Federal regulations do not require matching funds on a project-by-project basis. The Grant Manager will monitor all Federal financial reports and requests for reimbursement of expenses to ensure reasonable progress over time toward meeting the non-Federal match requirement. No specific percentage of match funding is required to be documented during the Grant's life except at the Grant's termination when the full requirement must be met. However, Grantees are expected to show reasonable progress toward meeting the match requirement. Situations that would be considered lack of evidence toward reasonable progress include reporting no match on the first few invoices, not increasing the amount of match reported on two or more consecutive financial reports, or not narrowing any gap between the Federal funds spent and matching funds reported. In the absence of such evidence, OST-R may require the Grantee to demonstrate its ability to match the funds already awarded before paying any additional invoices or awarding any additional funds that may be made available under the Grant.

c) Restriction on Use

Any restriction on the use of Federal funds applies equally to non-Federal matching funds.

2. Program Coordination

Under 49 U.S.C. § 5505, OST-R is responsible for coordinating UTC Program activities and for reviewing and evaluating the UTCs on an annual basis. The Grantee must provide the information required by OST-R in its *Grant Deliverables and Reporting Requirements for University Transportation Centers* and such other information as OST-R may occasionally request in order to fulfill this responsibility.

III. SPECIFIC PROGRAMMATIC REQUIREMENTS

Approvals discussed below must be issued by a Grant Manager in OST-R's UTC Program office.

1. Change in Center Director

The Department's decision to award a UTC Grant to a Grantee is based to a considerable extent upon its evaluation of the proposed Center Director's knowledge of the field of study and his/her capabilities to lead a UTC. Should the Grantee become aware that the Center Director will: 1) devote substantially more or less effort to the Center than had previously been committed to OST-R in the Grant Agreement; 2) sever his or her connection with the Grantee; or 3) otherwise relinquish active direction of the UTC, the Grantee must promptly notify OST-R. Prior written (e-mail recommended) approval by OST-R is required for any temporary or permanent replacement of the Center Director. In the absence of an approved Center Director, OST-R may choose to negotiate an appropriate modification to the Grant Agreement or to begin termination procedures.

2. Equipment

A written (e-mail recommended) request for prior approval from OST-R is required to purchase equipment that has a unit cost of \$5,000 or more. The request must contain the intended purpose/justification for the equipment purchase, how the equipment will be used, and a quote from the vendor containing vendor name, address, telephone number, item description, quantity, item cost, and final price. Unless otherwise requested by the Grantee, all legal rights to equipment purchased with UTC funds must vest in the Grantee upon acquisition; furthermore, § 200.313 "Equipment" of the *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* lays out requirements for use and disposition of equipment.

3. Foreign Travel

A written (e-mail recommended) request for prior approval from OST-R is required for travel outside of the United States and its territories that is paid with either Federal or matching funds. In order to be approved, the need for the proposed foreign travel and the value to be gained by the UTC must be clearly demonstrated. Requests for approval must include:

- (a) the need for the proposed travel and the value to be gained by the Center;
- (b) a written justification that states the name and relationship of the traveler to the UTC,
- (c) a description of how the travel will further the goals of the UTC Program,
- (d) a detailed itinerary (i.e., travel dates, location, lodging) and breakdown of planned expenses (i.e., airfare cost, lodging cost, ground transportation, and per diem) with a final total cost, and
- (e) the endorsement of the Center Director.

All travel requests are evaluated on a case-by-case basis, and traveler(s) are expected to have a significant role or involvement as it relates to their official and representational duties. Requests containing all the required information must be submitted at least 60 days prior to the start of foreign travel. **No requests submitted after the travel has begun will be approved.** Inclusion of an amount for foreign-travel costs in a UTC's approved budget does not satisfy the requirement for prior approval.

4. Citizenship of Students

Students who receive awards (including UTC Student of the Year Award), tuition/fee waivers and any other non-work related compensation must be a U.S. citizen or permanent resident of the U.S. **There is no exception to this rule.**

5. Student Support

Grant funds may be used to provide funding to students attending institutions of higher education who participate in activities necessary to the fulfillment of the UTC's research, education, and technology transfer programs. Funding provided to a student, which may be in the form of wages or tuition support, must be compensation for work performed within the UTC Program. Such work must be used to fulfill a part of the student's degree program. This type of funding to students is considered to be compensation paid as, or in lieu of, wages for work as described in § 200.466 "Scholarships and student aid costs" of the *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*.

In addition to the type of student funding described above, scholarships and summer internships utilizing UTC funding may be offered to students attending institutions of higher education studying within an academic program that is relevant to the UTC Program's purpose.

Students who are non-citizens can be paid wages for work on the Grant as those wages are "work-related" compensation. In addition, if the tuition waiver is based on a student's work on the Grant then this type of financial support is work-related compensation and can be given to a non-citizen student.

6. Consultant Services

The Grantee should utilize the services of its own officers or employees to the maximum extent in managing and performing activities supported by this Grant. Where it is necessary for the Grantee to enter into a subaward for the services of persons who are not its officers or employees, it is expected to do so in accordance with written organizational standards which provide for consideration of the factors outlined in the government cost principles. Review and approval from your Grant Manager is needed prior to retaining services of a foreign consultant.

7. Membership in CUTC

DOT frequently collaborates with the Council of University Transportation Centers (CUTC), a private, not-for-profit organization that works to improve and enhance university research and education in transportation and related areas. CUTC's membership includes many of the leading university-based transportation programs in the United States. In recognition of the forum that CUTC provides to its member universities to interact with each other and to promote national interest in transportation research and education, CUTC membership dues and necessary travel costs to CUTC membership meetings are allowable costs under this Grant. Any other costs associated with CUTC events, such as sponsorship of the Annual Banquet, are **not** allowable under this Grant.

8. Project and Budget Changes

The Grantee must obtain prior written approval from OST-R before making any significant changes in the

scope or objectives of the Grantee's application for funding under this Grant. The Grantee must also obtain prior written approval from OST-R for transfers of funds among direct-cost budget categories if the cumulative amount of such transfers exceeds 10 percent of the Center's approved total annual budget (including Federal and matching shares).

9. Conference Costs

Section 200.432 "Conferences" of the *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* defines conference as a meeting, retreat, seminar, symposium, workshop or event whose primary purpose is the dissemination of technical information beyond the non-Federal entity, i.e., a lead Center and its sub-recipients, and is necessary and reasonable for successful performance under the Federal award. Allowable conference costs paid by the Center as a sponsor or host of the conference may include rental of facilities, speakers' fees, costs of meals and refreshments, local transportation, and other items incidental to such conferences, unless expressly forbidden by the Grantee's internal policies. Thus, the costs of modest meals and beverage services at conferences are allowable under this Grant if the conferences are attended by persons other than the Grantee's officers or employees. **No funds available under this Grant may be spent on alcoholic beverages for entertainment purposes or personal consumption.**

10. Financial Management

The Grantee's financial management systems must provide for accurate, current, and complete disclosure of the UTC's finances. Financial records must identify the source and use of all funds and must show effective control over and accountability for all funds, property, and other assets.

11. System for Award Management

Each grantee is required to:

- be registered in the System for Award Management (SAM, <http://www.sam.gov>) and
- continue to maintain an active SAM registration with current information at all times during which it has an active Federal award or application or plan under consideration by a Federal awarding agency.

Grantees that have Federal contracts, grants and cooperative agreement awards with a cumulative total value greater than \$10,000,000 must provide information to SAM about certain civil, criminal, and administrative proceedings that reached final disposition within the most recent five-year period, that were connected with the award or performance of a Federal award.

12. Payments

The Grantee must request payment by submitting invoices using Standard Form (SF) 270 electronically via the Delphi eInvoicing System (click-on www.transportation.gov). The Delphi eInvoicing System website provides information about the system, including Grantee web-based training, the eAuthentication certification process, and additional training materials. Grantees should contact Denise E. Dunn at OST-R (denise.e.dunn@dot.gov) to request access to the system. OST-R recommends that Grantees submit requests for payment on a quarterly basis.

Federal funding programs involving advances to various organizations outside the Federal government

constitute a significant portion of the Federal budget. Advances of cash from the U.S. Treasury to such organizations for the purpose of financing current operations under Federal programs have a substantial impact on Treasury financing costs and the level of the public debt. For that reason, payments to the Grantee must reimburse expenses incurred and must limit advances to the actual, immediate cash requirements of the Grantee in carrying out the purpose of the Grant. The timing of payments must be as close as is administratively feasible to actual disbursements, and the Grantee must receive payments through electronic fund transfers by the Automated Clearing House Payment System or by another electronic system that may replace it during the life of the Grant.

13. Site Visits

The Federal government, through its authorized representatives, has the right, at all reasonable times, to make site visits to review UTC Program accomplishments and management control systems and to provide such technical assistance as may be required. If any site visit is made by the Federal government on the premises of the Grantee or any subgrantee, the Grantee must ensure that all reasonable facilities and assistance are provided for the safety and convenience of the government representatives in the performance of their duties. All site visits and evaluations must be performed in such a manner as will not unduly delay the Grantee's work.

14. Collaboration with DOT's Priorities

To encourage the transfer of knowledge and a current understanding of national transportation priorities, OST-R intends to promote a high level of communication and collaboration between the Grantee and DOT and its operating administrations under this Grant. OST-R expects to ask Grantees to participate in occasional meetings of UTC and/or DOT experts on high-priority topics. Reasonable costs incurred by a Grantee to support these interactions with DOT, unless otherwise restricted by Federal regulations, are allowable under this Grant.

15. DOT Public Access Plan Compliance

The Grantee must ensure compliance with the requirements of the DOT Public Access Plan, which establishes objectives to ensure public access to Publications and Digital Data Sets arising from DOT-managed research and development programs. More information on how to comply with the plan is provided in the *Grant Deliverables and Reporting Requirements for University Transportation Centers* document.

16. Patents and Copyrights

To comply with the Bayh-Dole Act of 1980, the Grantee must report inventions and patents developed with UTC funding (in whole or in part) to DOT through the web-based Interagency Edison ([iEdison](#)) electronic system. Most universities are already registered with iEdison through their office of technology transfer or office of technology licensing.

For the purposes of reporting UTC-related intellectual property in iEdison on a timely basis, you must first verify that your institution is registered. If your institution is not registered, go to <https://s-edison.info.nih.gov/iEdison/RegistrationRequestForm.jsp> to request registration. If your institution is registered, no further action is needed at this time.

a) Patent Rights**(1) Allocation of Principal Rights**

The Grantee may retain the entire right, title and interest throughout the world to each innovation, technical solution or unique increase to the general body of knowledge resulting from the work performed under this Grant subject to the provisions of this clause and 35 U.S.C. § 203. For the purpose of this clause, these innovations, technical solutions and increases in knowledge must be deemed Inventions. With respect to any Invention in which Grantee retains title, DOT must have a nonexclusive, irrevocable, paid-up license to practice or have practiced for or on its behalf the Invention throughout the world.

(2) Obligation to Report Inventions, Election of Title

2.1 The Grantee will disclose each Invention to DOT within two (2) months after the inventor discloses it to Grantee personnel responsible for the administration of patent matters. The disclosure to DOT must be in the form of a written report, transmitted by email to the Grant Manager, and must identify the Grant under which the Invention was made and the full names(s) of the inventor(s). It must be sufficiently complete in technical detail to convey a clear understanding to the extent known at the time of the disclosure, of the nature, purpose, operation, and the physical, chemical, biological or electrical characteristics of the invention. The report must also identify any publication disclosing the invention, offer for sale, sale or public use of the invention and whether a manuscript describing the invention has been submitted for publication and, if so, whether it has been accepted for publication at the time of the report. In addition, after reporting to DOT, the Grantee will remain obligated to promptly notify DOT of the acceptance of any manuscript describing the Invention for publication or of any on sale or public use planned by Grantee or its employees including presentations of other potential public disclosure that would trigger the one year statutory period in which valid protection can still be obtained in the United States.

2.2 Grantee will elect in writing whether or not to retain title to any such Invention by notifying DOT within two (2) years of disclosure to the DOT. However, in any case where publication, on sale or public use has initiated the one year statutory period wherein valid patent protection can still be obtained in the United States, the deadline for receipt by DOT of Grantee's written election of title is hereby shortened to a date that is no more than ninety (90) days prior to the end of the statutory period.

(3) Conditions When DOT May Obtain Title

The Grantee will convey to DOT, upon written request, all right, title and interest to any Invention –

3.1 If Grantee fails to disclose or elect title to an Invention within the times specified in subsection (2), above, or affirmatively elects in a writing to DOT not to retain title; provided that DOT may only request title within sixty (60) days after learning of the failure of Grantee to disclose or elect within the specified times.

3.2 In those countries in which Grantee either fails to file or affirmatively elects in a writing to DOT not to file a patent application.

(4) **Grantee License**

The Grantee will retain a nonexclusive, royalty-free license throughout the world in each Invention to which DOT obtains title, except in cases where Grantee fails to disclose the Invention within the times specified in subsection (2), above. The Grantee's license is transferable only with the approval of DOT except where transfer is to the successor-in-interest of Grantee's business to which the invention pertains.

(5) **Grantee Action**

For those Inventions in which the Grantee has mandatorily transferred title to DOT of an Invention, the Grantee hereby agrees to execute all papers necessary to file patent applications on such Inventions and to establish the government's rights in the Inventions. Additionally, the Grantee agrees to include, within the specification of any United States patent applications and any patent issuing thereon covering an Invention, the following statement, "*This invention was made with government support under (insert grant number) awarded by The United States Department of Transportation. The government has certain rights in the invention.*"

(6) **Reporting on Utilization of Inventions**

The Grantee agrees to submit on request periodic reports no more frequently than annually on the utilization of an Invention or on efforts at obtaining such utilization that are being made by the Grantee. Such reports must include information regarding the status of development, date of first commercial sale or use, and such other data and information as DOT may reasonably specify. The Grantee also agrees to provide additional reports as may be requested by DOT in connection with any march-in proceeding undertaken by DOT in accordance with paragraph (7) of this clause. As required by 35 U.S.C. § 202(c)(5), DOT agrees it will treat such information as commercial or financial information obtained from an individual and which is privileged and confidential and thus not subject to disclosure under section 552 of Title 5 of the United States Code.

(7) **March-in Rights**

The Grantee agrees that with respect to any Invention in which it has acquired title, DOT has the right in accordance with the procedures in 37 C.F.R. § 401.6 and any supplemental regulations of DOT to require the Grantee to grant a nonexclusive, partially exclusive, or exclusive license in any field of use to a responsible applicant or applicants, upon terms that are reasonable under the circumstances, and if the Grantee refuses such a request DOT has the right to grant such a license itself if it determines that:

7.1 Such action is necessary because the Grantee has not taken, or is not expected to take within a reasonable time, effective steps to achieve practical application of the subject invention in such field of use.

7.2 Such action is necessary to alleviate health or safety needs which are not reasonably satisfied by the Grantee; or

7.3 Such action is necessary to meet requirements for public use specified by Federal regulations and such requirements are not reasonably satisfied by the Grantee.

b) Copyrights

(1) The author or the Grantee's organization may copyright any books, publications, or other copyrightable materials developed in the course of or under this Grant, but DOT hereby reserves a royalty-free, nonexclusive and irrevocable license to reproduce, publish, or otherwise use and to authorize others to use the work for government purposes.

(2) The Grantee must not incorporate material copyrighted by others into any work product delivered under this Grant unless it has acquired for DOT a royalty-free, nonexclusive and irrevocable license to reproduce, publish, or otherwise use and to authorize others to use the work for government purposes.

(3) The Grantee may arrange for publication of initial reports of original research, supported in whole or in part by DOT funds, in primary scientific journals and copyright by the journal unless the journal's copyright policy would preclude an individual from making or having made by any means available, without regard to the copyright of the journal and without royalty, a single copy of any such article for the individual's own use.

(4) The Grantee must be responsible for any losses that result from or arise out of the negligent use of or breach of provisions by its employees or agents under this Grant regarding the publication, translation, reproduction, delivery, use, or disposition of any data or protected privacy information furnished under this Grant provided that this provision must not be deemed a waiver by the Grantee of any immunities to which it may be entitled under applicable Federal, State, or Tribal law.

17. Collection of Data

The Grantee may use funds awarded under this Grant to collect information incidental to a UTC activity, but such collection of information is not considered DOT-sponsored. Persons collecting such information are prohibited from representing to their respondents that the information is being collected for, or in association with, the Federal government except with OST-R's prior written approval and determination that the information collection complies with the OMB report clearance procedures set forth in 5 C.F.R. Part 1320, "Controlling Paperwork Burdens on the Public."

18. Privacy

Should the Grantee, or any subgrantee, contractor, or employee administer any system of records on behalf of DOT, the Privacy Act of 1974 (5 U.S.C § 552a) imposes information restrictions on the party administering the system of records.

19. Civil Rights

The Grantee must not discriminate against any employee or other Recipient of DOT funds or applicant for such positions because of race, color, creed, sex, sexual orientation, disability, age, or national heritage. The Grantee must take affirmative action to ensure that all applicants and employees are treated equally, without regard to their race, color, creed, sex, sexual orientation, disability, age, or national heritage. The Grantee may target minorities and women as beneficiaries of Center programs for the purposes of achieving diversity, but they may not exclude non-minorities and men from those same programs.

a) Subgrants and Contracts

The Grantee must insert notifications and clauses identified in Appendix A in any subgrant or third-party contract agreement, Requests for Proposals, solicitation for bids, or material implementing UTC Program activities.

b) Compliance

In the event of the Grantee's non-compliance with the Civil Rights provisions of this Grant or with the applicable rules, regulations, or orders, this Grant may be canceled, terminated, or suspended, in whole or in part, and the Grantee may be declared ineligible for further Federal funding.

(1) The Grantee must furnish all information and reports required by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by DOT and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(2) The Grantee must comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d), with DOT regulations entitled, "Nondiscrimination in Federally-Assisted Programs of the Department of Transportation -- Effectuation of Title VI of the Civil Rights Act of 1964", and any other applicable regulations issued pursuant thereto.

20. State or Territorial Law

Anything in the Grant to the contrary notwithstanding, nothing in the Grant must require the Grantee to observe or enforce compliance with any provision thereof, perform any other act, or do any other thing in contravention of any applicable State or territorial law; provided, that if any of the provisions of the Grant Agreement violate any applicable State or territorial law or if compliance with the provisions of the Grant would require the Grantee to violate any applicable State or territorial law, the Grantee will at once notify OST-R to the end that the Grantee may proceed as soon as possible with the program.

21. Ethics

The Grantee must maintain a written code or standards of conduct that must govern the performance of its officers, employees, board members, or agents engaged in the award and administration of subgrants or contracts supported by Federal assistance. This code must prohibit the Grantee's officers, employees, board members, or agents from any acts that present a real or apparent conflict of interest for any person or organization participating in the UTC Program (see 2 C.F.R. 200.112).

a) Lobbying

The Grantee must comply with the provisions of 31 U.S.C. § 1352 as implemented by DOT regulations in "Restrictions on Lobbying" (49 C.F.R. Part 20 & 2 C.F.R. 200.450).

b) Interest of Certain Federal Officials

No member of, or delegate to, the Congress of the United States of America must be admitted to any share or part hereof or to any arising benefits.

c) Bonus or Commission

The Grantee affirms that it has not paid, and agrees not to pay, any bonus or commission to any person for the purpose of obtaining approval of its application for Federal financial assistance for this Project.

22. Certifications and Assurances

The Grantee must comply with DOT Order No.: 1050.2A, DOT Standard Title VI Assurances and Non-Discrimination Provisions. The DOT Standard Title VI Assurances and Non-Discrimination Provisions form is included in Appendix A. This form must be completed and signed within 30 days of receiving notification of grant award.

23. Grant Closeout

a) No-Cost Extensions

The performance period for the Grant terminates on the date specified in the Grant Agreement. If desired, the Grantee must submit a request for a one-time no-cost extension to the Grant Manager at minimum 90 days prior to the termination date by email with a justification, a revised period of performance and any other requested documentation. **This one-time extension may not be exercised merely for the purpose of using unobligated balances.**

b) Closeout Procedures

The following actions and documents will be required for grant closeout no later than 90 days after grant termination.

- (1) All grants deliverables and requirements have been submitted.
- (2) Final Federal Financial Report (SF 425)
- (3) Final Request for Reimbursement (SF 270)
- (4) Real Property Status Report (SF 429), if applicable
- (5) Tangible Personal Property report (SF 428 B), if applicable
- (6) Disclosure of Invention Report (DOT 2000.1), if applicable
- (7) Record of Invention (DOT 2000.2), if applicable
- (8) Invention Rights Report (DOT 2000.3), if applicable

If any of the last five forms listed above are not applicable, submit an email to the Grant Manager stating such. Additional closeout information can be found at 49 C.F.R. §§ 19.71 to 19.73 and 2 C.F.R. 200.343.

APPENDIX A

STANDARD TITLE VI/NONDISCRIMINATION ASSURANCES

DOT Order No. 1050.2A

As required by sections 415 and 416 of Title IV, Division L of the Consolidated Appropriations Act, 2014 (Pub. L. 113-76), and similar provisions in subsequent appropriations acts, the funds provided under this award must not be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that:

- (1) Has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless an agency has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not necessary to protect the interests of the Government; or
- (2) Was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless an agency has considered suspension or debarment of the corporation and made a determination that this action is not necessary to protect the interests of the Government.

The Recipient therefore agrees:

1. **Definitions.** For the purposes of this exhibit, the following definitions apply:

“**Covered Transaction**” means a transaction that uses any funds under this award and that is a contract, memorandum of understanding, cooperative agreement, grant, loan, or loan guarantee.

“**Participant**” means the Recipient, an entity who submits a proposal for a Covered Transaction, or an entity who enters into a Covered Transaction.

“**Tax Delinquency**” means an unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability.

2. **Mandatory Check in the System for Award Management.** Before entering a Covered Transaction with another entity, a Participant must check the System for Award Management (*the “SAM”*) at <http://www.sam.gov/> for an entry describing that entity.

- (2) an entity provides an affirmative response to either certification in section 3; or
- (3) an entity's certification under section 3 was inaccurate when made or became inaccurate after being made

then a Participant must not enter or continue a Covered Transaction with that entity unless the DOT has determined in writing that suspension or debarment of that entity are not necessary to protect the interests of the Government.

5. Mandatory Notice to the DOT.

APPENDIX D

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS -- PRIMARY COVERED TRANSACTIONS

2 C.F.R. Parts 180 and 1200

These assurances and certifications are applicable to all Federal grants, subgrants, lower-tier contracts, purchase orders, lease agreements, consultant contracts or any other covered transaction that is estimated to cost \$25,000 or more – as defined in 2 C.F.R. Parts 180 and 1200 (see also 48 CFR 9.401).

By signing and submitting the University Transportation Center (UTC) grant application and by entering into the grant agreement under the UTC Discretionary Grant program, the Recipient is providing the assurances and certifications for First Tier Participants and Lower Tier Participants in its UTC proposal, as set out below.

1. Instructions for Certification – First Tier Participants:

a. The prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant must submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation must disqualify such a person from participation in this transaction.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the federal agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the federal agency may terminate this transaction for cause of default.

d. The prospective first tier participant must provide immediate written notice to the federal agency if at any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

e. The terms “covered transaction,” “civil judgment,” “debarred,” “suspension,” “ineligible,” “participant,” “person,” “principal,” and “voluntarily excluded,” as used in this certification, are defined in 2 C.F.R. Part 180 . “First Tier Covered Transactions” refers to any covered transaction between a Recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). “Lower Tier Covered Transactions” refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). “First Tier Participant” refers to the participant who has entered into a covered transaction with a Recipient or subrecipient of Federal funds (such as the prime or general contractor). “Lower Tier Participant” refers to any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

f. The prospective first tier participant agrees that, should the proposed covered transaction be entered into, it must not knowingly enter into any lower tier covered transaction with a person who is debarred, under suspension, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

g. The prospective first tier participant further agrees that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions,” provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold.

h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, under suspension, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not under suspension, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (<https://www.sam.gov/>), which is compiled by the General Services Administration.

i. Nothing contained in the foregoing must be construed to require the establishment of a system of records in order to render in good faith the certification required by this certification. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j.
